Viv Adventures In Duality A Book Of Possibility:

VIV Rick Jordan,2014-10-17 ViV:*Adventures in Duality* Rick Jordan,2014-10-17 The pieces of art and poetry within this book have been compiled over a series of years and have evolved over time In fact they are still evolving and may never be complete They were pieced together in this book into one single presentation of possibilities The aim of this book is to expand your mind The method is my specific dance of creation a sort of style all my own that combines both the lightest and darkest aspects of existence rolls them into one and in doing so attempts to shatter our preconditioned concept of the superiority of one side of duality over the other In this book it s the line dividing the two sides of duality that is glorified nothing more and nothing less This book is written in a kind of rap rhyming zen aimed at shattering the duality within It does not use the same method of reaching the mind that normal poetry or prose uses As you will see the emphasis is on the beat and flow of the syllables and the way of the sounds never minding all the rules Ultimately this book is meant to be an experience not necessarily read in one sitting or even in order but picked up here and there whenever you feel you need a good dose of your duality shattered *Human Security in South Asia* Adluri Subramanyam Raju,2019-08-29 This book

delves into the theory and praxis of human security in South Asia Home to almost a quarter of the world s population and fast emerging markets South Asia holds social geopolitical and economic significance in the current global context The chapters in the volume examine the challenges to human security through an exploration of environmental issues including water availability electric waste environmental governance and climate change explore key themes such as development displacement and migration the role of civil society sustainable development and poverty and discuss developmental issues in South Asia and provide a holistic picture of non military security issues Bringing together scholars from varied disciplines this comprehensive volume will be useful for researchers teachers and students of international relations human rights political science development studies human geography and demography defense and strategic studies migration and diaspora studies and South Asian studies **International Books in Print** ,1986 **Critical Essays on Sylvia Plath**
