simply named or described in passing but are explained in detail The Mometrix STAAR study guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it Because it s written with an eye for both technical accuracy and accessibility you will not have to worry about getting lost in dense academic language Any test prep guide is only as good as its practice questions and answer explanations and that s another area where our guide stands out The Mometrix test prep team has provided plenty of STAAR practice test questions to prepare you for what to expect on the actual exam Each answer is explained in depth in order to make the principles and reasoning behind it crystal clear We ve helped hundreds of thousands of people pass standardized tests and achieve their education and career goals We ve done this by setting high standards for Mometrix Test Preparation guides and our STAAR Test Prep Guide Grade 5 Math is no exception It s an excellent investment in your future Get the STAAR review you need to be successful on your exam

Quarterly Review of Distance Education Michael Simonson, Charles Schlosser, 2017-12-01 The Quarterly Review of Distance Education is a rigorously refereed journal publishing articles research briefs reviews and editorials dealing with the theories research and practices of distance education The Quarterly Review publishes articles that utilize various methodologies that permit generalizable results which help guide the practice of the field of distance education in the public and private sectors The Quarterly Review publishes full length manuscripts as well as research briefs editorials reviews of programs and scholarly works and columns The Quarterly Review defines distance education as institutionally based formal education in which the learning group is separated and interactive technologies are used to unite the learning group

Performative Approaches to Education Reforms Dorthe Staunæs, Katja Brøgger, John Benedicto Krejsler, 2020-05-21 The purpose of this book is to investigate with conceptualization how reforms change educational organizations and subjectivities and how educational organizations change reforms The book gives an account of the power of conceptual endeavors with close readings of empirical material The book elaborates this through empirical investigations of the intertwinement of different educational reforms of policies standards and everyday educational lives across the globe As well as telling stories of reforms and how they transform and are transformed by the educational organizations and subjects they engage the book highlights how a careful enactment of methodologies and critiques might enable a tracing of not only intended but also unintended effects of reforms In this way the book explores performative approaches to education reform and thus attempts to nuance the idea of causality and linearity in the implementation of education reforms Engaging with performative approaches this book scrutinizes how reforms are involved with the creation and shaping of the world and thus offers insight into what happens when reforms are borrowed translated and taken up in a range of ways This book was originally published as a special issue of the International Journal of Qualitative Studies in Education
