Revisiting the Assessment of Second Language Abilities: From Theory to Practice Sahbi Hidri,2018-01-12 This book presents an overview of revisiting the assessment of language abilities It also showcases how the measurement of such constructs can result in negative or positive washback and how outcomes might be conducive to repercussions that decide on the future of many stakeholders The 23 chapters were selected among tens of chapters received from different contexts that addressed the issue of revisiting the assessment of language abilities such as Tunisia Ukraine Algeria Russia KSA Sudan Egypt Canada Kurdistan UK USA Iran Turkey etc These contexts have highlighted the necessity to revisit the different constructs which should be assessed with a clear and straightforward foundation on students learning objectives and their actual language ability To do so most of the chapters present hands on use of relevant statistical tests that might serve in revisiting the construct definition both theoretically and operationally Perhaps the sole

and intricate question that the authors of these contributions ask is what it means to revisit the assessment of the construct of individualized language ability and how. In addition, the book accentuates the momentousness and significance of reflecting on test fairness and validation as the mainspring and backbone for democratization of assessment. This book appeals to a broad readership such as English Language Teaching (ELT) practitioners, language teachers, students, testing organizations, policy makers, test designers, writers of test specifications, testing experts, researchers, program evaluators, especially in the Middle East and North Africa (MENA) as well as other international contexts.

School Leadership Benjamin Piltch, Terrence Quinn, 2011-01-16. Parents, lawmakers, supervisors, and unions are among the many constituencies that demand influence if not control of the educational process. How does the school administrator balance all the needs of the various groups and still remain true to the ultimate, though most powerless, constituency: the students? Through case studies and anecdotes based on real-life experiences, the authors share the ups and downs of the educational world, seeking to find the balance that is most effective in ensuring success.

School Leadership Case Studies: Solving School Problems details decision making and actions taken that dramatically affect the success of students and schools, as well as school systems. This second edition continues and improves on the first edition with a series of new and timely school leadership case studies that require the reader to reflect on the variety of issues that cross the principal's desk every day. The reader will find the case studies and anecdotes highly absorbing. They are so real.

fraught with complexity and will require the reader to use a sophisticated decision making process Beyond "compensatory Education" Glendon P. Nimnicht, James A. Johnson, Far West Laboratory for Educational Research and Development, 1973
