Raising Ollie Tom Rademacher, 2021-10-12 The account of one radically new school year for a Teacher of the Year and for his nonbinary art obsessed brilliant child Seven year old Ollie was researching local advanced school programs because every second grader does that right Ollie who used to hate weekends because they meant no school was crying on the way to school almost every day Sure there were the slings and arrows of bullies and bad teachers but maybe worse Ollie a funny anxious smart kid with a thing for choir and an eye for graphic art was gravely underchallenged and also struggling with identity and how to live totally as themselves Ollie begged to switch to a new school with kids like me where they wouldn't feel so alone or so bored and so they made the change

Raising Ollie is dad Tom Rademacher's story really many stories of that eventful and sometimes painful school year parenting Ollie and relearning every day what it means to be a father and teacher As Ollie who is nonbinary and uses they them pronouns and prefers art to athletics vegetables to cake and animals to most humans flourishes in their new school Rademacher is making an eye opening adjustment to a new school of his own one that's whiter and more suburban than anywhere he has previously taught with a history of racial tension that he tries to address and navigate While Ollie is learning to code 3D model animate speak Japanese and finally feel comfortable at school Rademacher increasingly sees how his own educational struggles anxieties and childhood upbringing are reflected in his teaching writing and parenting as well as in Ollie's experience And with this story of one anything but academic year of inquiry and wonder doubt and revelation he shows us how raising a kid changes everything and how much raising a kid like Ollie can teach us about who we are and what we're doing in the world
