

FORCES IN FLUIDS

Forces in Fluids

- Pressure = Force / Area
- Pressure: A force pushing on a surface

Fluid Pressure

- Fluid is a substance that can flow easily.
 - Scientifically liquids & gases are considered "fluids"
- In fluids, molecules are constantly moving in all directions
- As a molecule moves and collides w/ a surface, it exerts a force on that surface
- All of the forces exerted by the individual molecules are added together to make up the pressure exerted by the fluid.

Air Pressure

- Air pressure is the result of the weight of a column of air pushing down on an area

Variations in Fluid Pressure

- Elevation: the distance above sea level
- As altitude increases, air pressure decreases
- As air pressure decreases, so does density
- As water depth increases, water pressure increases
- Water is 800x more dense than air, so pressure increases dramatically with depth; every 33 feet in depth adds 1 "atmosphere" of pressure

Pascal's Principle

- When force is applied to a confined fluid, and increase in pressure is transmitted equally to ALL parts of the fluid

Archimedes Principle

- The buoyant force of an object is equal to the weight of the fluid displaced by the object
- The buoyant force is opposite (pushes up) to the force of gravity (pulls down)

Bernoulli's Principle

- The pressure exerted by a moving stream of a fluid is less than the pressure of the surrounding fluid
- The faster the fluid moves, the less pressure it exerts on the surface of the object

Teaching Resources Answer Key Forces In Fluids

Jin-Ying Zhang

Teaching Resources Answer Key Forces In Fluids:

As recognized, adventure as capably as experience just about lesson, amusement, as capably as promise can be gotten by just checking out a books **Teaching Resources Answer Key Forces In Fluids** plus it is not directly done, you could how to even more roughly speaking this life, just about the world.

We give you this proper as well as easy mannerism to acquire those all. We meet the expense of Teaching Resources Answer Key Forces In Fluids and numerous book collections from fictions to scientific research in any way. in the midst of them is this Teaching Resources Answer Key Forces In Fluids that can be your partner.
