Language Tatiana Gordon, 2006-11-30 This volume addresses a gamut of questions of interest to teachers of young second language learners. Why do immigrant children leave their home countries and what are their journeys to the United States like? How do young children adjust to the new culture? What sort of dynamic prevails in immigrant families? What are young immigrants' schooling experiences like? What are language learning processes like in young children? The first part of the book contains an overview of recent ethnographic sociological and psycholinguistic research concerned with answering these questions. The second half of the volume focuses on classroom practice. Gordon provides an extensive overview of activities that have been proven to be effective with young language learners. Practical recommendations contained in these pages flow

directly from the classroom Gordon describes innovative second language lessons developed and implemented by ESL teachers who work with language learners enrolled in primary grades The book places special emphasis on those instructional strategies that stir young language learners interest while stimulating their linguistic and cognitive development **Teaching Young Language Learners** Annamaria Pinter,2017 Systematic incorporation of ideas related to technology across all chapters Discussion of current trends in the field of teaching young learners including CLIL online learning issues of assessment 21st century skills and ways of giving children more agency in their language learning

Teaching Young Language Learners Through Stories Sharon Ahlquist,2024-04-29 Many teachers use stories in their teaching That might be younger learners listening to stories or older children reading fiction or extracts for themselves Working with stories and literature enables the teacher to expose learners to English in ways which are engaging resonating and meaningful and which stimulate the imagination and creativity Stories can appeal to all age groups and through work which is multimodal can support learning of all proficiencies Teaching Young Language Learners Through Stories provides theoretical support alongside practical activities to explain why and how teachers can use stories Each chapter explores how different genres of literature can contribute to second language development alongside practical examples These genres include picturebooks graded readers graphic novels fairytales novels and short stories Within each chapter the theoretical approach is first explored in more depth It considers the characteristics of young language learners how they learn and how stories can provide an alternative to working with a textbook while still addressing required syllabus content and learning objectives Then practical examples guide the reader in using these different genres in their own teaching practice Whilst the book primarily offers guidance and relevant suggestions for students aged 6 13 each chapter also considers how the principles can be used with older learners and adults **Teaching young language learners : [mit Kopiervorlagen]**
