Decade of Middle School Mathematics Curriculum Implementation Margaret R. Meyer, Cynthia W. Langrall, 2008-12-01 Associate Editors Fran Arbaugh University of Missouri Columbia David C Webb University of Colorado at Boulder and Murrel Brewer Hoover WVSTEM Center Marshall University The purpose of this book is to document the work of the Show Me Project 1997 2007 and to highlight lessons learned about curriculum implementation Although the Show Me Project was charged with promoting the dissemination and implementation of four distinct comprehensive curriculum programs Connected Mathematics Mathematics in Context MathScape and MathThematics most of the lessons learned from this work are not curriculum specific Rather they cut across the four programs and share commonalities with standards based curriculum reform at any level We believe that documenting these lessons learned will be one of the legacies of the Show Me Project We anticipate that the comprehensive nature of this work will attract readers from multiple audiences that include state and district mathematics supervisors middle grades mathematics teachers and administrators involved in curriculum reform as well as mathematics teacher educators Those about to embark on the review of curriculum materials will appreciate reading about the processes employed by other districts Readers with interests in a particular curriculum program will be able to trace the curriculum specific chapters to gain insights into how the design of the curricula relate to professional development adoption and implementation issues and teachers personal experience using the curriculum materials Individuals who provide professional development at the middle grades level will find chapters that they

can use for both general and focused discussions Teachers at all stages of implementation will recognize their own experiences in reading and reflecting on the stories of teacher change Mathematics educators will find ideas on how these curricula can be used in the preparation of preservice middle grades teachers **Mathematics Teachers at Work** Janine T. Remillard, Beth A. Herbel-Eisenmann, Gwendolyn M. Lloyd, 2011-09-20 This book compiles and synthesizes existing research on teachers use of mathematics curriculum materials and the impact of curriculum materials on teaching and teachers with a particular emphasis on but not restricted to those materials developed in the 1990s in response to the NCTM's Principles and Standards for School Mathematics Despite the substantial amount of curriculum development activity over the last 15 years and growing scholarly interest in their use the book represents the first compilation of research on teachers and mathematics curriculum materials and the first volume with this focus in any content area in several decades
