Faith and Doubt of John

Betjeman Kevin J. Gardner,2006-08-30 Sir John Betjeman was one of the twentieth century's great makers of the Christian imagination. He was maybe the most significant literary figure of our time to declare his Christian faith and his terror of dying. Betjeman used his formidable gifts for poetry to show us how to think about the Anglican faith and about Englishness and Christianity in general. Here is an anthology of about 75 poems on religious themes with clarifying footnotes and a critical introduction that offers an overview of his life and poetry as well as a commentary on some of his more difficult poems. Here is a new perspective on Betjeman's life and beliefs. This new edition of Betjeman's religious poetry will demonstrate that Betjeman is the great poet of the Church in the twentieth century; it will also introduce delightful, accessible and important poetry to new readers. It will suggest to both British and American readers ways of thinking about spiritual, cultural and ecclesiastical matters as well as about the intersection of literature and art.

The Bell of the World Gregory Day,2023-03-01

When a troubled Sarah Hutchinson returns to Australia from boarding school in England and time spent in Europe, she is sent to live with her eccentric Uncle Ferny on the family property Ngangahook. With the sound of the ocean surrounding everything they do on the farm, Sarah and her uncle form an inspired bond, hosting visiting field naturalists and holding soirees in which Sarah performs on a piano whose sound she has altered with items and objects from the bush and shore. As Sarah's world is nourished by music and poetry, Ferny's life is marked by *Such is Life*, a book he has read and reread so much so that the volume is falling apart. Its saviour is Jones the Bookbinder of Moolap, who performs a miraculous act. To shock and surprise Jones interleaves Ferny's volume with a book he bought from an American sailor, a once obscure tale of whales and the sea. In art as in life, nature seems supreme. Ngangahook and its environs are threatened, however, when members of the community ask the Hutchinsons to help make a savage landscape sacred by financing the installation of a town bell. The fearless musician and her idealistic uncle refuse to buckle to local pressures mounting their own defence of the bell of the world. Gregory Day's new novel embodies a cultural reckoning in a breathtakingly beautiful and lyrical way. *The Bell of the World* is both a song to the natural wonders that are not yet gone and a luminous prehistory of contemporary climate change and its connection to colonialism. It is a book immersed in the early to mid twentieth century but written very much for the hearts of the future. *The Bell of the World* is regionalist and universal, historical and timeless, beautiful and brutal. It is an urgent call for us not to speak but to listen so that we might find our place both here in Australia and on the Earth. Maria Takolander
