criminal foreigner Situating his discussion within the ideologies underpinning George Newnes's Strand Magazine as well as a wide range of nonfiction texts Pittard demonstrates that the genre was a response to the seductive and impure delights associated with sensation and gothic novels Further Pittard suggests that criticism of detective fiction has in turn become obsessed with the idea of purity thus illustrating how a genre concerned with policing the impure itself became subject to the same fear of contamination Contributing to the richness of Pittard's project are his discussions of the convergence of medical discourse and detective fiction in the 1890s including the way social protest movements like the antivivisectionist campaigns and medical explorations of criminality raised questions related to moral purity

The Best Murders Are British Jim Daems, 2020-08-26 A staple of television since the early years of the BBC British crime drama first crossed the Atlantic on public broadcasting stations and specialty cable channels and later through streaming services Often engaging with domestic anxieties about the government's power or lack thereof and with larger issues of social justice like gender equality racism and homophobia it has constantly evolved to reflect social and cultural changes while adapting U S and Nordic noir influences in a way that retains its characteristically British elements This collection examines the continuing appeal of British crime drama from The Sweeney through Sherlock Marcella and Happy Valley Individual essays focus on male melodrama nostalgia definitions of community gender and LGBTQ representation and neoliberalism The persistence of the English murder as each chapter of this collection reveals points to the complexity of British crime drama's engagement with social political and cultural issues It is precisely the mix of British stereotypes coupled with a willingness to engage with broader global social and political issues that makes British crime drama such a successful cultural export
