The Case Of Sherlock Holmes Episode 4:

The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23 This all inclusive A Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5 000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre: i.e. animated, drama, sports, mystery, adventure, etc. as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection. **Anthony Boucher** Jeffrey Marks, 2015-02-16

American author, editor, and critic William Parker White, better known to most as Anthony Boucher, made countless contributions to the fields of mystery and science fiction. After beginning his career as a mystery writer at 16, Boucher went on to become a New York Times mystery critic, a host for several radio programs, and the founding editor of *The Magazine of Fantasy and Science Fiction*. This comprehensive biobibliography places particular emphasis on the writings and edited publications that established his reputation among readers of science fiction. Several appendices include complete bibliographic citations for Boucher's novels, articles, short stories, unpublished works, reviews, radio plays, anthologies, translations, and other written works. **Policing the Monstrous** Ashley Szanter, 2021-01-11 This collection of new essays examines how the injection of supernatural creatures and mythologies transformed the hugely popular crime procedural television genre. These shows complicate the predictable and comforting patterns of the procedural with the inherently unknowable nature of the supernatural. From Sherlock to Supernatural, essays cover a range of topics including the gothic, the post-structural nature of *The X-Files*, the uncanny lure of *Twin Peaks*, trickster detectives, forensic fairy tales, the allure of the vampire detective, and even the devil himself. *The Complete Sherlock Holmes* Sir Arthur Conan Doyle, 1927 **Victorian**

Detectives in Contemporary Culture Lucyna Krawczyk-Żywko, 2017-11-28 In contrast to the main body of current Victorian detective criticism which tends to concentrate on Conan Doyle's creation and only uses other detectives as a backdrop, the texts gathered in this volume examine various contemporary ways of re-presenting real and fictional detectives that originated in or are otherwise associated with that era: Inspector Bucket, Sergeant Cuff, Inspector Reid, Tobias Gregson, Flaxman, Low, and psychiatrists as detectives. Such a collection allows for a critical re-assessment of both the detectives' importance to the Victorian literature and culture and provides a better basis for understanding the reasons behind their

Fatherland Kenneth Scott Calhoun, 1992 Fatherland analyzes the origins of German Romanticism and the works of Novalis Friedrich von Hardenberg 1772-1801 In his introduction Kenneth Calhoun writes This study examines Romanticism and psychoanalysis in terms of a shared economy of longing and disappointment of which mourning is a profound index Whereas most recent studies of Novalis have concentrated on his poetic and philosophical theories Calhoun explores the psychological implications of his writings He places Freud and Novalis in the debate currently raging in Germany about the legacy of the Enlightenment Instead of grounding his research on Freudian theory itself Calhoun focuses on a radicalization of the Enlightenment's quest by diverting attention to those regions of the mind where it still seemed possible to choose one's own parents Family Romance Freud's image for describing how children who have grown to doubt the identity of a father and idealize their

origins through fantasies of heroic illegitimacy suggests the emplotment of such identity crises as Romantic Journey As such it provides a map for reading Novalis's novel Heinrich von Ofterdingen in which the father as fatherland is rediscovered only after an elaborate circumnavigation of the maternal body This book addresses in addition to the writings of Novalis and Freud works by Coleridge Kubla Khan Goethe Erlkonig Wilhelm Meisters Lehrjahre Joyce A Portrait of the Artist as a Young Man Lessing Nathan der Weise Die Erziehung des Menschengeschlechts and P O Runge Fall des Vaterlands BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Brick**, 1924 *The DVD Novel* Greg Metcalf, 2012-07-06 Now that television shows can live forever as DVD sets the stories they can tell have changed television episodes are now crafted as chapters in a season long novel instead of free standing stories This book examines how this significant shift in storytelling occurred In 1981 NBC's Hill Street Blues combined the cop show and the soap opera to set the model for primetime serial storytelling which is evident in The Sopranos The Wire and Breaking Bad In 1963 ABC's The Fugitive showed how an anthology series could tell a continuing tale influencing The X Files House and Fringe In 1987 NBC's The Days and Nights of Molly Dodd changed the situation comedy into attitudinal comedy leading to Weeds Nurse Jackie and Entourage The DVD Novel How the Way We Watch Television Changed the Television We Watch not only examines how American television shows changed but also what television artists have been able to create The book provides an alternate history of American television that compares it to British television and explains the influence of Dennis Potter's The Singing Detective on the development of long form television and the evolution of drama shows and sitcoms The work considers a wide range of network and cable television shows paying special attention to the work of Steven Bochco David Milch and David Simon and spotlighting the influence of graphic novels and literary novels in changing television *Silent Mystery and Detective Movies* Ken Wlaschin, 2009-05-15 The silent film era was known in part for its cliffhanger serials and air of suspense that kept audiences returning to theaters week after week Icons such as Douglas Fairbanks Laurel and Hardy Lon Chaney and Harry Houdini were among those who graced the dark and shadowy screen This reference guide to silent films with mystery and detective content lists more than 1 500 titles in one of entertainment's most popular and enduring genres While most of the films examined are from North America mystery films from around the world are included **Talking with Psychopaths and Savages: Guilty but Insane** Christopher Berry-Dee, 2024-01-04 The plea of insanity in criminal cases can be traced back at least to the Babylonian Code of Hammurabi which dates from 1755 1759 BC It is a complicated defence and its origins in modern law lie with what are called the M Naghten Rules of 1843 formulated by British judges as a jury instruction in cases where a plea of insanity had been entered Daniel M Naghten shot and killed one Edward Drummond believing him to be the British Prime Minister Sir Robert Peel and was acquitted on the grounds of insanity and the M Naghten Rules still exert considerable influence over defences today Clearly a plea of insanity in murder cases is of critical importance when the death penalty is still applied and even today it may still be the difference between a life sentence in a

high security prison or an indeterminate one in a secure psychiatric hospital Meanwhile 27 of the USA's 50 states have retained or readopted the death penalty and at least 54 other countries including China Russia India Iran and Saudi Arabia also retain it Naturally a criminal who was liable to swing for murder could and sometimes did make every attempt to appear insane and this book examines some of these cases as well as trials in which the accused was indeed judged to be insane The failure rate is high of seven American serial killers who deployed the defence in their trials only two were successful ending their days in secure psychiatric facilities two were executed and the other three either died or were killed while serving full life sentences or are still in gaol

Seeing Fans Lucy Bennett, Paul Booth, 2018-01-25 Split into four sections *Seeing Fans* analyzes the representations of fans in the mass media through a diverse range of perspectives This collection opens with a preface by noted actor and fan Orlando Jones *Sleepy Hollow* whose recent work on fandom appearing with Henry Jenkins at Comic Con and speaking at the Fan Studies Network symposium bridges the worlds of academia and the media industry Section one focuses on the representations of fans in documentaries and news reports and includes an interview with Roger Nygard director of *Trekkies* and *Trekkies 2* The second section then examines fictional representations of fans through analyses of television and film featuring interviews with Emily Perkins of *Supernatural* Robert Burnett director of the film *Free Enterprise* and Luminosity a fan who has been interviewed in the *New York Magazine* for her exemplary work in fandom Section three explores cultural perspectives on fan representations and includes an interview with Laurent Malaquais director of *Bronies* *The Extremely Unexpected Adult Fans of My Little Pony* Lastly the final section looks at global perspectives on the ways fans have been represented and finishes with an interview with Jeanie Finlay director of the music documentary *Sound it Out* The collection then closes with an afterword by fan studies scholar Professor Matt Hills

Literature and Ethics Daniel K. Jernigan, 2009 *Literature and Ethics* covers a wide gamut of literary periods and genres including essays on Victorian literature and modernism as well as several studies on narrative but the central ethos emerges from considerations of issues of responsibility and irresponsibility as they find expression in literary study and in ethics Students and academics who are interested in literary theory ethics narrative form and issues of authorial responsibility and how such matters inform the reading of literary texts will find that this collection offers a wide array of approaches and viewpoints by major figures from the relevant sub disciplines in literary studies The collection offers much timely critical observation on a variety of contemporary authors but also provides critically adventurous commentaries on Victorian literature and on Indian African Irish and Australian literature The volume assembles a collection of essays that would illustrate the great diversity of methods by which considerations of responsibility can and do offer insight into a range of literary texts and theoretical discourses while also making a contribution to the philosophical question of responsibility and irresponsibility in the contemporary world The collection as a whole testifies to the human fascination with issues of responsibility just as it testifies to the necessity of posing questions of responsibility as questions of ethics and literature the

necessity of recognizing in other words that responsibility names a concept whose only ground is the history of those fictional narratives of responsibility and irresponsibility that modern civilization would do well to continue inventing and reflecting upon critically So whether ethical discourses find expression in theoretical debate or in and through the sophisticated fictions that constitute an imaginative culture what is clear both from wider discussions related to the value of literary texts that are such a central part of contemporary literary studies and from the varied and nuanced arguments that are made in this collection is that questions of responsibility are central to literature philosophy and the arts just as they are to the social realities that spawned them in the first place Literature and Ethics is an important book for all literature and literary theory collections It has specific resonance for students and teachers who are interested in the value of literary study and in questions of ethics and narrative

Serials and Series Buck Rainey, 2015-06-08 While many fans remember The Lone Ranger Ace Drummond and others fewer focus on the facts that serials had their roots in silent film and that many foreign studios also produced serials though few made it to the United States The 471 serials and 100 series continuing productions without the cliffhanger endings from the United States and 136 serials and 37 series from other countries are included in this comprehensive reference work Each entry includes title country of origin year studio number of episodes running time or number of reels episode titles cast production credits and a plot synopsis
