Sisterhood, Interrupted D. Siegel, 2007-08-24 Contrary to clich s about the end of feminism Deborah Siegel argues that younger women are not abandoning the movement but reinventing it After forty years is feminism today a culture or a cause A movement for personal empowerment or broad scale social change Have women achieved equality or do we still have a long way to go

Undead TV Elana Levine, Lisa Parks, 2007-11-02 Critical studies of the popular television show BUFFY THE VAMPIRE SLAYER **I'm Buffy and You're History** Patricia Pender, 2016-06-28 Buffy the Vampire Slayer gave contemporary TV viewers an exhilarating alternative to the tired cultural trope of a hapless attractive blonde woman victimized by a murderous male villain With its strong capable heroine witty dialogue and a creator Joss Whedon who identifies himself as a feminist the cult show became one of the most widely analysed texts in contemporary popular culture The last episode broadcast in 2002 did not herald the passing of a fleeting phenomenon Buffy is a media presence still active on DVD and the internet alive in

the career of Joss Whedon and studied internationally I m Buffy and You re History puts the entire series under the microscope investigating its gender and feminist politics In this book Patricia Pender argues that Buffy includes diverse elements of feminism and reconfigures and sometimes revises the ideals of American second wave feminism for a wide third wave audience She also explores the ways in which the final season s vision of collective feminist activism negotiates racial and class boundaries Exploring the Slayer s postmodern politics her position as a third wave feminist icon her placing of masculinity in extremis and her fandom and legacy in popular culture this is a fresh and challenging contribution to the growing literature on the pitfalls and pleasures of a great cult TV show

Clean New World Maud Lavin, 2001 Maud Lavin approaches design from the broader field of visual culture criticism asking challenging questions about about who really has a voice in the culture and what unseen influences affect the look of things designers produce Our culture is dominated by the visual Yet most writing on design reflects a narrow preoccupation with products biographies and design influences Maud Lavin approaches design from the broader field of visual culture criticism asking challenging questions about about who really has a voice in the culture and what unseen influences affect the look of things designers produce Lavin shows how design fits into larger questions of power democracy and communication Many corporate clients instruct designers to convey order and clarity in order to give their companies the look of a clean new world But since designers cannot clean up messy reality Lavin shows they often end up simply veiling it Lacking the power to influence the content of their commercial work many designers work simultaneously on other more fulfilling projects Lavin is especially interested in the graphic designer s role in shaping cultural norms She examines the anti Nazi propaganda of John Heartfield the modernist utopian design of Kurt Schwitters and the neue ring werbegestalter the alternative images of women by studio ringl pit the activist work of such contemporary designers as Marlene McCarty and Sheila Levrant de Bretteville and the Internet innovations of David Steuer and others Throughout the book Lavin asks how designers can expand the pleasure democracy and vitality of communication

Mainstreaming Sex Feona Attwood, 2014-01-30 From cyber porn to striptease culture this trailblazing book uncovers the shockingly fascinating new ways that western society is being sexualized We don t realise how far the pornogrification of culture has reached this book does and discusses it graphically but responsibly Media interest in this subject is huge Mainstreaming Sex uncovers the significant impact hitherto only half glimpsed that striptease culture is having on our media relationships educational and working lives It is a welcome and much needed book Western culture is

exhibiting its fascination with sex in new often surprising ways Pole dancing is a form of keep fit porn stars find work as agony aunts pornography itself is just a mouse click away and phone sex email affairs and cybersex are now part of our everyday lives This sexualization of modern culture is the subject widely discussed here In original chapters the contributors confront the reality that in all aspects of social and cultural life sex is being mainstreamed They explore film print and online pornographies representations of masturbation in film and television supersexualized advertising and problem page sex They also examine young people s views of sex in mainstream media women s use of sexual media in the home and pole dancing as exercise and performance and third wave feminism and the sexualization debate **Seductress** Betsy Prioleau,2004-10-26

In this road map to restoring feminine sexual power Betsy Prioleau introduces and analyzes the stories and stratagems of history s greatest seductresses These are the women who ravished the world from such classic figures as Cleopatra and Mae West to such lesser known women as the infamous Violet Gordon Woodhouse who lived in a ménage with four men Smarts imagination courage and killer charm helped these love maestras claim the men of their choice and keep them fascinated for life Through an expos of their secrets Seductress provides an authoritative empowering guide to erotic sovereignty **The End of Love** Eva Illouz,2021-09-15 Western culture has endlessly represented the ways in which love miraculously erupts in people s lives the mythical moment in which one knows someone is destined for us the feverish waiting for a phone call or an email the thrill that runs down our spine at the mere thought of him or her Yet a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love where we fall out of love when the one who kept us awake at night now leaves us indifferent or when we hurry away from those who excited us a few months or even a few hours before In The End of Love Eva Illouz documents the multifarious ways in which relationships end She argues that if modern love was once marked by the freedom to enter sexual and emotional bonds according to one s will and choice contemporary love has now become characterized by practices of non choice the freedom to withdraw from relationships Illouz dubs this process by which relationships fade evaporate dissolve and break down unloving While sociology has classically focused on the formation of social bonds The End of Love makes a powerful case for studying why and how social bonds collapse and dissolve Particularly striking is the role that capitalism plays in practices of non choice and unloving The unmaking of social bonds she argues is connected to contemporary capitalism which is characterized by practices of non commitment and non choice practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties Unloving and non choice have in turn a profound impact on society and economics as they explain why people may be having fewer children increasingly living alone and having less sex The End of Love presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism **The Starter Marriage and the Future of Matrimony**

Pamela Paul,2003-01-14 A pioneering look at first marriages lasting five years or less and ending without children Paul s

book will be a lesson to those contemplating marriage and a comfort to those who falter The Economist What is it about marriage that makes today's twenty and thirtysomethings want it so badly And why do so many of their marriages despite high hopes and desires end in divorce Nobody goes into a starter marriage expecting to divorce and trade up to something better but like a starter home a starter marriage can teach you a lot about what to look for and what to avoid the next time around Drawing on extensive research and interviews with starter marriage vets Pamela Paul explores why young people are jumping in and out of marriage and what lessons can be drawn from their failures She shows how starter marriages can be avoided and why lifelong marriage is still a desirable achievable option for the next marrying generation **Catfight** Leora Tanenbaum, 2011-01-04 Catfight Women and Competition is Leora Tanenbaum's dissection of the gender war waged among women Tanenbaum meticulously analyzes the roots of destructive competitiveness among women asserting that catfights thrive because despite women's many gains American women are conditioned to regard each other as adversaries rather than allies She investigates the arenas from diets to dating from the boardroom to the delivery room in which American women are apt to compare their lives with the lives of others in a tacit contest over who is the better woman a contest in which no one wins Throughout Catfight Leora Tanenbaum puts her own life experiences under the lens of scrutiny As a writer a friend a mother a wife and a daughter she analyzes her own insecurities and background and how these influence her relations with other women With the sociologist's perspective of a Barbara Ehrenreich and the feminist outrage of a Gloria Steinem Tanenbaum demythologizes the age old catfight Different Wavelengths Jo Reger, 2014-01-27 The original essays in this collection ground the shifting terrain of feminism in the 21st century The contributors define and examine the complexity of the Third Wave by answering questions like how appropriate is a third wave label for contemporary feminism are the agendas of contemporary feminism and the second wave really all that different does the wave metaphor accurately describe the difference between contemporary feminists and their predecessors how do women of color fit into this notion of contemporary feminism and what are the future directions of the feminist movement **Taking Up Space** Pattie Thomas, Ph.D., 2005-10-01 Taking Up Space is a sociological memoir about being fat and the physical emotional and economic costs of trying to pass for thin in a culture that stigmatizes fat people Making her own life a case study medical sociologist Pattie Thomas Ph D with the help of her co author and husband Carl Wilkerson M B A outlines how stigma limit and shape the life chances of all people and are supported within culture Through narrative text poetry essays photos and drawings Dr Thomas shares her own process and demonstrates how a sociologically examined life can be a source for personal growth An extensive resource section challenges both the popular reader and the academic to further exploration Kathleen LeBesco author of Revolting Bodies The Struggle to Redefine Fat Identity has called Taking Up Space a road map through the minefield of the war on obesity Foreword by Paul Campos author of The Obesity Myth published in paperback as The Diet Myth The original trade paperback edition of Taking Up Space was published in 2005 The ebook edition was published in

2012 and contains an additional updated preface **Sex in Public** Lauren Rosewarne,2009-03-26 Despite decades of feminist awareness and activism women continue to be portrayed in outdoor advertising in a limited and sexist manner The fact that in public space audiences are exposed to such images without choice renders the issue an important public policy concern Sex in Public utilises a large outdoor advertising data collection to examine the contemporary outdoor advertising landscape documenting the routine portrayal of women as thin white young and idle This book examines why such portrayals are concerning for feminists as well as for public policy and explores the advertising self regulation systems that facilitate the display of such images This book criticises sexist outdoor advertising as a form of sexual harassment given that imagery often bearing very strong semblance to pin ups which would be outlawed in a workplace are readily displayed in public space reflecting a troublesome public policy double standard Understanding sexist outdoor advertising as a form of sexual harassment is a new framework that Sex in Public offers to understand critique and condemn such images Gender, Sex, and Politics Shira Tarrant,2015-06-19 Gender Sex and Politics In the Streets and Between the Sheets in the 21st Century includes twenty seven chapters organized into five sections Gender Sexuality and Social Control Pornography Sex and Social Media Dating Desire and the Politics of Hooking Up and Issues in Sexual Pleasure and Safety This anthology presents these topics using a point counterpoint different point framework Its arguments and perspectives do not pit writers against each other in a binary pro con debate format Instead a variety of views are juxtaposed to encourage critical thinking and robust conversation This framework enables readers to assess the strengths and shortcomings of conflicting ideas The chapters are organized in a way that will challenge cherished beliefs and hone both academic and personal insight Gender Sex and Politics is ideal for sparking debates in intro to women s and gender studies sexuality and gender courses Women's Rights Crista DeLuzio,2009-11-12 A lively accessible collection of essays exploring the history of the struggle for women s rights in the United States from the colonial period to the present The fight for women s rights was one of the first topics explored by women s historians when the field emerged in the 1970s Current and authoritative Women s Rights People and Perspectives shows just how complex and multifaceted our understanding of that fight has become Women s Rights spans the breadth of American history from Native American women prior to colonization to women during the Revolution Antebellum period the Civil War and the Gilded Age Coverage of the 20th century moves from the Progressive Era to the Great Depression and World War II from the emergence of modern feminism to the present Throughout it offers fascinating details of ordinary and extraordinary lives while charting the evolving roles of women in American society **Reading Feminist Theory** Susan Archer Mann,Ashly Suzanne Patterson,2016 Reading Feminist Theory From Modernity to Postmodernity interweaves classical and contemporary writings from the social sciences and the humanities to represent feminist thought from the late eighteenth century to the present Editors Susan Archer Mann and Ashly Suzanne Patterson pay close attention to the multiplicity and diversity of feminist voices visions and vantage points by race class gender sexuality and global location

Next Wave Cultures Anita Harris, 2012-09-10 Whereas once young women's feminist activism could be easily identified today this resistance seems obscure transitory and disorganized In Next Wave Cultures established and emerging scholars provide an interdisciplinary examination of young women's multilayered lives This collection demonstrates that young women have new ways of taking on politics and culture that may not be recognizable under more traditional paradigms but deserve to be identified as socially engaged and potentially transformative nonetheless Exploring the ways in which girls various cultural pursuits are tied to identity formation and relate to issues of class sexuality ethnicity religion ability and gender Next Wave Cultures highlights both the limitations and opportunities afforded by globalization of youth consumer culture This valuable collection is a necessary read across disciplines especially to those in the fields of education gender and cultural studies sociology and psychology
