The Booby Blog A Cancer Chronicle:

The Booby Blog Hollis Walker, 2014-10-15 Based on the blog and personal journal Hollis Walker wrote during her journey through breast cancer *The Booby Blog A Cancer Chronicle* shows us what living with cancer is really like While most people may assume the physical aspects of cancer are the worst of it Walker's real time writing reveals a relentless and intense parade of emotional and spiritual responses marching beneath the surface anger fear uncertainty isolation and threats to identity self esteem and faith During her search for meaning in the midst of this chaos Walker discovers a secret we must embrace illness as part of our spiritual journey in order to become the authors of our own healing With honesty immediacy and humor *The Booby Blog A Cancer Chronicle* offers inspiration and hope to those facing life threatening illness and the people who care about them

Booby Trap Allison Bially, 2013-09-17 First came boobs then came marriage then came baby in the baby carriage Then came cancer Who knew that having cancer would be so reminiscent of being pregnant *Booby Trap* provides this wacky perspective in order to help patients laugh through their dark days and to give caregivers the tools to try to understand The heightened sense of smell the nausea the food restrictions and the need for a new wardrobe are just some of the strange ways that these two situations are the same This book chronicles the author's first hand knowledge of both cancer and parenthood and leans on the common experiences of pregnancy and motherhood to illustrate what undergoing cancer treatment is really like

The Adventures of Cancer Bitch S.L. Wisenberg, 2024-10-15 S L Wisenberg known for writing that is seriously funny proves in this acerbic chronicle that a cancer diary can be at once hilarious rageful and feminist She passes through the expected rites of breast cancer diagnosis surgery and chemotherapy but her responses are less expected she throws a farewell party for her left breast and rejects a cranial prosthesis in favor of using her bare scalp as a canvas for political messages She insightfully criticizes the ad campaigns of cancer charities the inept medical staff and the inequities in the U S health care system she encounters as she navigates daily life with cancer and chemo There is much she disapproves of from Brazilian waxes to books that blame patients for their own diseases Drawing on a wealth of personal literary and historical sources *The Adventures of Cancer Bitch* creates an indelible image of a politically engaged self aware woman facing a daunting disease while examining her soul and society And riding the subway and teaching one breast It is a thought provoking memoir from a woman who questions everything and everyone including herself This revised and expanded second edition features new observations and reflections from the author

Chronicles of a Boob, Vol. 1 Karen McCool,2016-11-17 Chronicles of a Boob Vol 1 is the best psychological thriller of 2016 according to people who don t know the difference between a psychological thriller and a humorous memoir about breast cancer anxiety and gross exaggeration Volume 1 hailed as a literary triumph by absolutely no one is the first in what is destined to be a sprawling one volume series Written in exquisite razor sharp prose using words Chronicles of a Boob documents one woman s courageous not really journey through not actually well maybe a little having breast cancer and ultimately confronting her own mortality Karen doesn t always laugh in the face of death but when she does she Okay she never does But sometimes she guffaws at it from a safe distance while cowering under a blanket and sipping her third martini Wait what Let s try this again This inspirational memoir will empower untold numbers zero is a number of women to find their inner strength and to remain positive even in their darkest hour If find their inner strength means pour another drink and remain positive means freak out Ahem One more time Karen s story tells the shocking truth about how it s far worse to feel anxiety about having breast cancer than it is to actually have it Cheesus Karen That s not true It s much much worse to have breast cancer What s wrong with you The point is this no one really knows what this book is about but we can say that you probably shouldn t read it if you re offended easily Or difficultly Or if you don t like it when writers make up words So if you re outraged after seeing a nipple drawing on the book cover Chronicles of a Boob isn t for you A nipple wearing glasses is the least offensive thing in the book F bombs are dropped occasionally or as some might say all the time If however you re so prone to anxiety that you worry you might get cancer merely by seeing the word cancer in print Chronicles of a Boob is a must read following treatment for your anxiety disorder

Al Goggins,2008-12-15 Like most people when you have an ache or pain that just will not go away eventually you simply go to

a doctor You then follow the prescribe treatment and you hope of a quick cure to the problem You hear stories about other people who end up having major medical problems that come to light from a simple doctor s visit but you never think that your story would become one of those stories Actually by the time I got to my last round of doctors I suspected that I might have a larger problem than I cared to admit On top of that I had no medical insurance I hoped against all hope that I was only being emotionally dramatic that the doctor had some miracle pill that would allay my concerns and I would find I lost a few nights sleep over nothing Unfortunately the suspected problem turned out to be a tumor most likely cancer but a biopsy would be needed to confirm or deny the suspicions I went in as an outpatient just to have a biopsy and I awoke from the procedure in a hospital Intensive Care Unit with a new tracheotomy assisted breathing and a diagnosis of an advanced cancer I was terrified I did not know what the outcome would be and dying seemed to be a very real possibility This is where blogging became important to my state of mind and my ability to stay in touch with those who where concerned about me By blogging about my experiences I had an outlet to express my fears my anger and my hope Through blogging I was able to maintain an upbeat spirit that I am convinced helped save my life The point of this book is less about my experiences so much as it is about the insights one gains when you re gravely ill and how sharing those insights might help other patients family members and friends who have serious health challenges of their own
