Buell Hale**

The Of Heaven A Novel:

The Book of Heaven Patricia Storace, 2014-11-04 From the author of the acclaimed *Dinner with Persephone* comes a radically original novel about four women who invite us to imagine the divine anew what if a woman's point of view were also God's Patricia Storace's *Eve* begins by telling us her version of what happened in Eden and by revealing that our familiar constellations conceal other heavens we have never allowed ourselves to see Each of the four subsequent chapters is the story of one of these new zodiacs featuring images central to women a knife a cauldron a garden a pair of embracing lovers The four women whose stories they tell are Job's daughter the Queen of Sheba a polytheistic cook and a transformed Sarah wife of Abraham Storace brilliantly reimagines the worlds of these women freeing them from the old tales in which they were trapped and putting them in the foreground of their stories and of the Old Testament itself [Catalogue of Printed Books in the Library of the British Museum](#) British Museum. Department of Printed Books, 1888 [Catalogue of Printed Books](#) British Museum, 1888

Heaven V.C. Andrews, 2011-02-08 From the legendary New York Times bestselling author of *Flowers in the Attic* and *My Sweet Audrina* now Lifetime movies comes the first book in the Casteel Family series for fans of Emma Donoghue *Room* and Kay Hooper *Amanda* Of all the folks on the mountain the Casteel children are the lowest Even the families that buy them think so Heaven Leigh Casteel may be the prettiest smartest girl in the backwoods but her cruel father and weary stepmother work her like a mule For the sake of her brother Tom and the other little ones Heaven clings to the hope that someday she can show the world that they are worthy of love and respect But when the children's stepmother can't take it anymore and abandons the family Heaven's father hatches a scheme that will alter her young life forever Being sold to a strange couple is just the beginning ripping away the thin veneer of civilization and learning the adult secrets of the world around her means Heaven must abandon someone too the child she was to become the woman her mother never had the chance to be [British Museum Catalogue of printed Books](#), 1888

A Handful of Heaven Kristin Hannah, 1995-08 Devon O'Shea comes to the Yukon Territory in search of gold but instead she finds Stone Man McKenna a mountainous slab of animosity who believes the Yukon is no place for a lady When he attempts to convince her of this with a savage kiss she finds herself feeling for the first time in her life feminine and alive And Devon begins to wonder if she may have struck gold after all

The Gospel According to Science Fiction Gabriel McKee, 2007-01-01 Explores the theological nature of science fiction drawing on examples from television literature and films to explain how science fiction can help people understand not only who they are but who they will become

Abadie, Odie Lindsey, James G. Thomas Jr., 2017-05-25 Recipient of the 2018 Special Achievement Award from the Mississippi Institute of Arts and Letters and Recipient of a 2018 Heritage Award for Education from the Mississippi Heritage Trust The perfect book for every Mississippian who cares about the state this is a mammoth collaboration in which thirty subject editors suggested topics over seven hundred scholars wrote entries and countless individuals made suggestions The volume will appeal to anyone who wants to know more about Mississippi and the people who call it home The book will be especially helpful to students teachers and scholars researching writing about or otherwise discovering the state past and present The volume contains entries on every county every governor and numerous musicians writers artists and activists Each entry provides an authoritative but accessible introduction to the topic discussed The Mississippi Encyclopedia also features long essays on agriculture archaeology the civil rights movement the Civil War drama education the environment ethnicity fiction folklife foodways geography industry and industrial workers law medicine music myths and representations Native Americans nonfiction poetry politics and government the press religion social and economic history sports and visual art It includes solid clear information in a single volume offering with clarity and scholarship a breadth of topics unavailable anywhere else This book also includes many surprises readers can only find by browsing **Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 7: Khayyami Art** Mohammad H. Tamdgidi, 2024-03-01 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a twelve book series of which this book is the seventh volume subtitled Khayyami Art The Art of Poetic Secrecy for a Lasting Existence Tracing the Robaiyat in Nowrooznameh Isfahan s North Dome and Other Poems of Omar Khayyam and Solving the Riddle of His Robaiyat Attributability Each book independently readable can be best understood as a part of the whole series In Book 7 Tamdgidi shares his updated edition of Khayyam s Persian book Nowrooznameh The Book on Nowrooz and for the first time his new English translation of it followed by his analysis of its text He then visits recent findings about the possible contribution of Khayyam to the design of Isfahan s North Dome Next he shares the texts and his new Persian where needed and English translations and analyses of Khayyam s other Arabic and Persian poems Finally he studies the debates about the attributability of the Robaiyat to Omar Khayyam Tamdgidi verifiably shows that Nowrooznameh is a book written by Khayyam arguing that its unreasonable and unjustifiable neglect has prevented Khayyami studies from answering important questions about Khayyam s life works and his times Nowrooznameh is primarily a work in literary art rather than in science tasked not

with reporting on past truths but with creating new truths in the spirit of Khayyam's conceptualist view of reality Iran in fact owes the continuity of its ancient calendar month names to the way Khayyam artfully recast their meanings in the book in order to prevent their being dismissed given their Zoroastrian roots during the Islamic solar calendar reform underway under his invited direction The book also sheds light on the mysterious function of Isfahan's North Dome as a space revealing it as having been to serve as part of an observatory complex for the annual Nowrooz celebrations and leap year declarations of the new calendar The North Dome to whose design Khayyam verifiably contributed and in fact bears symbols of his unitary view of a world created for happiness by God marks where the world's most accurate solar calendar of the time was calculated It deserves to be named after Omar Khayyam not Taj ol Molk and declared as a cultural world heritage site Nowrooznameh is also a pioneer in the prince guidance books genre that anticipated the likes of Machiavelli's The Prince by centuries the difference being that Khayyam's purpose was to inculcate his Iranian and Islamic love for justice and the pursuit of happiness in the young successors of Soltan Malekshah Iran is famed for its ways of converting its invaders into its own culture and Nowrooznameh offers a textbook example for how it was done by Khayyam Most significantly however Nowrooznameh offers by way of its intricately multilayered meanings the mediating link between Khayyam's philosophical theological and scientific works and his Robaiyat showing through metaphorical clues of his beautiful prose how his poetry collection could bring lasting spiritual existence to its poet posthumously Khayyam's other Arabic and Persian poems also provide significant clues about the origins the nature and the purpose of the Robaiyat as his lifelong project and magnum opus Tamdgidi argues that the thesis of Khayyam's Robaiyat as a secretive artwork of quatrains organized in an intended reasoning order as a book of life serving to bring about his lasting spiritual existence can solve the manifold puzzles contributing to the riddle of his Robaiyat attributability He posits and in the forthcoming volumes of this series will demonstrate that the lost quatrains comprising the original collection of Robaiyat have become extant over the centuries such that we can now reconstruct by way of solving their 1000 piece jigsaw puzzle the collection as it was meant to be read as an ode of interrelated quatrains by Omar Khayyam
