

A black and white photograph of a prison corridor. The corridor is long and narrow, with a person walking away from the camera in the distance. The walls are lined with cell doors, and the floor is made of wooden planks. The lighting is dim, creating a somber and institutional atmosphere.

The Girls' Diary Project Shannon McFerran, Daniel George Scott, 2013 Diaries of a Borderline Blue Evergarden, 2025-03-06 Blue Evergarden's *Diaries of a Borderline* offers an intimate and transformative poetic journey following a single protagonist's quest for self love and healing. Artfully divided into four parts, each section vividly portrays a tumultuous emotional odyssey. Part 1 *Diaries of a Borderline* centers on unraveling the aftermath of trauma, chronicling the protagonist's struggle with dissociation, loneliness, and the elusive pursuit of reclaiming a shattered identity. Delving deeper in Part 2 *This is Why She Falls Apart*, Evergarden explores the delicate tapestry of self worth and self love, tracing the complicated journey of survival and reliance amidst inner turmoil and despair. Entering a transformative phase in Part 3 *Leaving Her Graveyard*, the protagonist awakens to the potential of becoming everything she once believed she wasn't, finding the resilience to confront her inner demons and emerge stronger. Part 4 *The Gifts She Found* celebrates the protagonist's triumphant emergence into self acceptance and inner tranquility. This final section encapsulates the euphoria of releasing past burdens, discovering self love, and embracing the promise of a brighter future. *Diaries of a Borderline* is a poignant, soul stirring journey through the complexities of mental health and the transformative power of healing. With vivid prose and raw emotion, Evergarden weaves a tapestry of hope and resilience, inspiring those who tread similar paths.

Romania and the Holocaust Simon Geissbühler, 2016-10-11 From summer 1941 onwards Romania actively pursued at its own initiative the mass killing of Jews in the territories it controlled. 1941 saw 13 000 Jewish residents of the Romanian city of Iași killed, the extermination of thousands of Jews in Northern Bukovina and Bessarabia by Romanian armed forces, and local people large scale deportations of Jews to the camps and ghettos of Transnistria and massacres in and around Odessa. Overall more than 300 000 Jews of Romanian and Soviet or Ukrainian origin were murdered in Romanian controlled territories during the Second World War. In this volume a number of renowned experts shed light on the events, the contexts, and the aftermath of this under researched and lesser known dimension of the Holocaust. 75 years on, this book gives a much needed impetus to research on the Holocaust in Romania and Romanian controlled territories. **Moravian Mission** **Diaries of David Zeisberger** Hermann Wellenreuther, Carola Wessel, 2010-11-01 **Psycho-Politics And Cultural Desires** Janet Harbord, Jan Campbell, 2005-08-04 This book focuses on the past, present and future of cultural studies. Diary Poetics of Frances Burney, Dorothy Wordsworth and Mary Shelley** Magdalena Ożarska, 2014-01-08 *Lacework or Mirror: Diary Poetics of Frances Burney, Dorothy Wordsworth and*

Mary Shelley sets out to determine whether each of the diaries by three female writers namely Frances Burney Dorothy Wordsworth and Mary Shelley approximates the Philippe Lejeunean concept of the diary as lacework or the more sweeping view typical of the broadly conceived autobiography which Georges Gusdorf famously likened to the mirror The author explores Burney s Wordsworth s and Shelley s attempts at concealing the gaps between their narrating and narrated I s as well as examining their diary lacunae especially helpful for illustrating the gradual emergence of the diarists individual selves Broader issues connected with diary poetics such as the use of metaphors and symbols the degree of reliance on dialogue and ensuing narrativity down to handling the past by means of anachronous eccentricities are also subject to examination The study is based on the assumption that the journal is a literary genre which can be investigated with tools routinely used for the examination of literary texts Yet beyond the issues of literariness in accordance with Philippe Lejeune s dictum the three journals reveal the writers diaristic practices In fact it seems that issues of the journal genre and the journal practice cannot be divorced and neither can their lacework and mirror aspects *The Diaries of Tchaikovsky* Peter Ilich Tchaikovsky,1945 **Viktor Shklovsky** Viktor Shklovsky,2017-01-01 Viktor Shklovsky 1893 1984 was both patriarch and enfant terrible of Formalism a literary and film scholar a fiction writer and the protagonist of other people s novels instructor of an armored division and professor at the Art History Institute revolutionary and counterrevolutionary His work was deeply informed by his long and eventful life He wrote for over seventy years both as a very young man in the wake of the Russian revolution and as a ninety year old never tiring of analyzing the workings of literature Viktor Shklovsky A Reader is the first book that collects crucial writings from across Shklovsky s career serving as an entry point for first time readers It presents new translations of key texts interspersed with excerpts from memoirs and letters as well as important work that has not appeared in English before [Back to the Present, Forward to the Past](#) International Association for the Study of Irish Literatures. Hitler's People Richard J. Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail A fascinating and instructive book elegantly written and perceptive Wall Street Journal Kaleidoscopic A fascinating exploration of individual agency that never loses sight of the larger context Just the kind of probing nuanced and unsparing study to help us think things through The New York Times Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated from Hitler to the inner and outer circles of the regime's leadership one of our greatest historians answers the enduring question How does a society come to carry out a program of unspeakable evil Richard J Evans author of the acclaimed Third Reich trilogy and more than a dozen other volumes on modern Europe is our preeminent scholar of Nazi Germany Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in Hitler's People he brings us back to the original site of the Nazi movement namely the lives of its most important and representative members Working in concentric circles out from Hitler and his closest allies Hitler's People forms a typological framework of German society under Nazi rule from the top down With a novelist's eye for detail Evans explains the Third Reich through the personal characteristics and professional ambitions of its members from its most notorious deputies such as Goebbels the regime's propagandist and Himmler the Holocaust's chief architect to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten such as the schoolteacher Julius Streicher or the actress and film director Leni Riefenstahl Drawing on a wealth of recently

unearthed historical sources Hitler's People lays bare the characters whose choices caused the deaths of millions Nearly a century after Hitler's rise the leading nations of the west are once again being torn apart by an untamed will to power By telling the stories of these infamous individuals as human lives Evans asks us to grapple with the complicated nature of agency and complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn

Eisenhower Louis Galambos,2020-08-04 Highly accessible and sprightly written Library Journal Winner of the Kansas State Library's Kansas Notable Book Award In this engaging fast paced biography Louis Galambos follows the career of Dwight D Ike Eisenhower offering new insight into this singular man who guided America toward consensus at home and a peaceful victory in the Cold War The longtime editor of the Eisenhower papers Galambos may know more about this president than anyone alive In this compelling book he explores the shifts in Eisenhower's identity and reputation over his lifetime and explains how he developed his distinctive leadership skills As a career military officer Eisenhower's progress was uneven Galambos shows how Ike with the help of Brigadier General Fox Conner his mentor and patron learned how to profit from his mistakes pivot quickly and grow as a military and civilian leader On D Day Eisenhower guided the largest amphibious force in history to a successful invasion of France and a decisive victory After the defeat of Nazi Germany he turned to politics and was elected president in 1952 While today's fiercely partisan political climate makes it difficult to imagine a president forging consensus in Washington that's exactly what Eisenhower did As America's leader in an era of profound postwar changes at home and abroad President Eisenhower sought a middle way with compromise and coalition building He provided his country with firm handed leadership bringing prosperity and peace to the American people in the dangerous years of the Cold War an accomplishment that made him one of the most influential men of the twentieth century Destined to be the best short biography of the thirty fourth president of the United States Eisenhower conclusively demonstrates how and why this master of the middle way became the successful leader of the free world

Act and Idea in the Nazi Genocide Berel Lang,2003-01-01 This work is an analysis of the ideology causal patterns and means employed in the Nazi genocide against the Jews It argues that the events of the genocide compel reconsideration of such moral concepts as individual and group responsibility the role of knowledge in ethical decisions and the conditions governing the relation between guilt and forgiveness It shows how the moral implications of genocide extend to linguistic and artistic presentations of the Nazi extermination of the Jews

Closer and Closer Apart Rosemary H. Lloyd,2019-05-15 Envy Rosemary Lloyd says involves what one would like to have but does not jealousy what one has but fears losing Lloyd demonstrates in *Closer and Closer Apart* how the passion unleashed by jealousy can illuminate such concepts as self and other gender and society Jealousy in her view exerts a powerful attraction in literature partly because it distorts the individual's perceptions of the other in highly productive ways and partly because it serves as paradigms for reading and for storytelling In this accessible and elegantly crafted book Lloyd explores sexual jealousy more as a literary device than as a

literary theme She draws her examples from novels plays and poetry spanning many years and from many countries mainly nineteenth and twentieth century France and England but also Russia Poland Germany Italy the United States Canada and Australia Among the writers she treats are Proust Tolstoy Dostoyevsky Charlotte Bront Trollope Barthes and Baudelaire After discussing various portraits of the jealous lover Lloyd asks to what extent the literary experience of jealousy has been colored by conventional images of male and female roles She also examines the ways in which the jealous lover deals with the other whether beloved or rival Finally she looks at jealousy as a desire for control represented through images of incorporation and possession

Retrospect and Review Robert Atkins, Martin Kane, 2023-12-18 In *Retrospect and Review* an international team of scholars explore East German literature and the circumstances of its production in the last phase of the German Democratic Republic's existence The provocative claim of the novelist playwright and essayist Christoph Hein *Ich nehme an erdem f r mich in Anspruch elfmal das Ende der DDR beschrieben zu haben* serves as the starting point for the twenty three contributors to the volume who consider the many and varied ways in which Hein and his fellow writers signalled and diagnosed the demise of the GDR The fraught relationship between the state and its intellectuals inevitably forms a consistent theme in the studies of writers as diverse as Anna Seghers and Kito Lorenc Christa Wolf and Jurek Becker or Irmtraud Morgner and Heiner M ller However the process of retrospect and review also reveals the innovative and independent minded character of the culture of the GDR's later years Several contributors trace the emergence of a strong and distinctive women's writing which increasingly and subversively imposed itself on the hitherto patriarchal literary landscape of the GDR And in the literature of the 1970s and 1980s experimental narrative strategies take on a political role as a counter discourse to a stubbornly inflexible political order

Tammi Green, 2010-01 Radical Churchman Graham Neville, 1998 Historians of the Christian Social movement in the Church of England during the nineteenth and early twentieth centuries have paid little attention to its relation to the Liberal Party But from about 1886 to 1918 there were some socially concerned churchmen who firmly supported the Liberal Party in its new role as an agency of social reform and tried to exercise influence as a group taking Henry Scott Holland as leader and inspirer Edward Lee Hicks who succeeded Edward King as bishop of Lincoln in 1910 was a distinctive churchman associated with this group He was an outstanding classical scholar who combined a long pastoral experience with active support of movements for temperance reform improved housing women's education and enfranchisement and international peace This

study shows how he developed these social concerns under the influence of such friends as John Ruskin and C P Scott and how he was drawn from his radical liberalism to the support of the incipient Labour Party without becoming a theoretical socialist *Principles of Research Design in the Social Sciences* Frank Bechhofer, Lindsay Paterson, 2000 A stimulating book for social scientists considering the issues involved when deciding upon their research design
