

MOOD VS. TONE

Name: _____

The Start of Something Great!

On the first day of school, I couldn't believe I was starting 3rd. When I entered the classroom, I was amazed to see the room with sparkling lights and a colorful library filled with books! I found my desk by finding my name tag. It had my name and was even written color! I knew this was going to be an amazing year!

Which word best describes the author's **tone**/attitude towards the first day of school?

What is your **mood** after reading this?

Ughh... Again?!?!?

"My alarm clock woke me up too early," I said to my friend on my way inside the building. I couldn't believe I was back again. It felt like it was just June and now I was back at this horrible, depressing place. I was kind of excited to meet my teacher, but I was also sad I was playing Fortnite!!! I walked into the classroom and saw all the desks and chairs. I found my desk and plopped down with a sigh.

Which word best describes the author's **tone**/attitude towards the first day of school?

Scott, Barbara Purdum-Cassidy, 2016-08-17 The nation s demographic of public schools are more ethnically racially and linguistically diverse than ever before Strauss 2014 However there are still educational policies and practices that call to question whether traditionally marginalized students receive an equitable education This is demonstrated in national achievement trends which highlight disproportionality ratings among minoritized student groups Also when examining school discipline policies expulsion ratings special education services and school choice movements all seem to handicap educational opportunity for low income Black and Brown students As American schools become more and more diverse it is imperative that the literacy practices used to teach young students of color reflect the nation s changing demographic This book provides practical insights guided by conceptual and contextual knowledge in understanding how to teach urban African American and Hispanic Latino a students by discussing issues associated with critical pedagogies literacy and culturally appropriate instructional strategies that have demonstrated success for traditionally marginalized student populations This book examines culturally affirming literacy practices from three main components 1 scholarship 2 the field of practice and 3 teacher education models Each of these three are significant in understanding how to teach minoritized populations As such chapters have been organized into three main sections that address scholarship and research trends in the field and implications for teacher education models all in order to advance the literacy achievement of African American and Hispanic Latino a students *Parallel Curriculum Units for Language Arts, Grades 6-12* Jeanne H. Purcell, Jann H. Leppien, 2009-08-25 The Parallel Curriculum Model PCM holds the power to help students and teachers see the whole of what they are learning We invite practitioners to read more about this model and join us on a professional journey that we believe will yield that joy and wisdom that comes from seeing the whole To address the varying needs of teachers across the K 12 grade span as well as different content areas we decided to create a series of curriculum units

based on PCM that could be used by practitioners It is our hope that the lessons not only underscore important and discipline specific content but also illuminate the four parallels in unique and enduring ways From the Introduction Design exemplary language arts lessons based on the Parallel Curriculum Model Want to create rigorous learning opportunities for students in language arts based on a deeper understanding of pedagogy and curriculum design As demonstrated in the best selling book The Parallel Curriculum the Parallel Curriculum Model PCM allows teachers to determine student performance levels and design intellectual challenges that help students develop expertise in specific subject areas Parallel Curriculum Units for Language Arts Grades 6 12 provides sample language arts units written by practicing teachers to demonstrate what high quality curriculum looks like within a PCM framework Covering a variety of topics including narrative voice literary criticism and writing original pieces these field tested units each contain Teacher rationales explaining the unit design Connections to concepts skills and national or state standards Step by step directions for delivering the lessons and unit Modification strategies assessments and reproducibles Use these examples to design your own units and deepen your understanding of how the PCM framework helps tailor curriculum to the abilities interests and learning preferences of each learner

Reading First Activities, Grade 2 Jennifer Overend Prior, 2004-03-23 Contains activities based on the United States Dept of Education s Reading First program [Active Teaching and Learning Strategies](#) Rock Moore, Michelle A. Moore, 2004 Active Teaching and Active Learning Strategies Creating a Blueprint for Success is the cumulative result of a year of reflecting asking and listening to questions and comments that many have concerning the education of our youth The book s genesis however started many years ago as the state of California along with many other states embraced a standards based accountability system This accountability has now been coupled with the recent addition of The No Child Left Behind

Legislation In a real sense we are entering both the best and worst of times I say this because of the effects of high stakes testing and the requirement that all students reach high levels of proficiency which admittedly are very lofty goals For this to be realized changes will be required in teaching and assessment as well as a more concentrated focus on student learning The instructional design introduced in this book advocates four components academic social collaborative contextual and cognitive developmental These components work in tandem with Active Teaching and Learning Strategies Combined they form a student responsive instructional methodology which optimizes student success and academic achievement We wanted to create a book that demonstrated to those of us in the field of education the value of looking at academic standards with data about our students and reflecting on how this information should influence our choices concerning instructional practices and our perceptions about the students that we are entrusted with The focus of this endeavor is to see all students achieve and succeed and to keep passion and compassion at the heart of all that we do It is the premise of this book that the difference between effective and outstanding teachers are that outstanding teachers care know how to utilize data practice active teaching strategies and promote the active learning of students Together these characteristics became the design and course of action that Created a Blueprint for Success
