Minor Prophets II (Understanding the Bible Commentary Series) John Goldingay, Pamela J. Scalise, 2012-07-01 The Minor Prophets are those dozen Old Testament books that in the time of Jesus were usually written on one scroll since they were all fairly brief The late Elizabeth Achtemeier prepared the New International Biblical Commentary on the first six Hosea Joel Amos Obadiah Jonah and Micah This second volume deals with the final six books John Goldingay writes on Nahum Habakkuk Zephaniah and Haggai Pamela Scalise takes on the longest Zechariah and the last Malachi Like the authors of other volumes in the NIBC Goldingay and Scalise utilize what is referred to as believing criticism when examining the biblical texts Based on fidelity to critical analysis and sensitivity to the faith of both ancient and contemporary readers this balanced approach enriches both the academy and the church Following the series guidelines the authors clearly explain the texts with additional notes regarding interpretation and practical reflection For example Goldingay issues a reminder that when the prophets spoke against the arrogance and sins of Assyria and Babylon the Israelites needed to hear the word of God as a caution against their own pride and wickedness He goes on to suggest that modern readers must remember as well that the same attitudes and actions that led to the downfall of these ancient Middle East empires can fall upon any and all who follow their example The New International Biblical Commentary offers the best of contemporary scholarship in a format that both general readers and serious students can use with profit Based on the widely used New International Version translation the NIBC presents careful section by section exposition with key terms and phrases highlighted and all Hebrew transliterated A separate section of notes at the close of each chapter provides additional textual linguistic cultural and technical comments Each commentary also includes a selected bibliography as well as Scripture and subject indexes **Schwann Spectrum**

The question of what it means to be human has never before been more difficult and more contested The human with a complicated social history that has rarely been examined remains entrenched in traditional Enlightenment thinking Human All Too Human considers how we might radicalize our notion of the human Can the human be thought outside humanism Any rethinking of the human places us immediately inside an ever widening field of contrasting labels animate and inanimate natural and artificial living and dead organic and mechanistic These and other boundary confusions at the frontier of the human are the subject of this volume as each essay takes up one of three disputed border identities animals things or children Human All Too Human examines how we explain our interest in anthropomorphism and our fascination with species categorizations Essays explore what we mean by things and how the integrity of the human may already be compromised by them The nine essays in this volume all attempt to rethink the category of the human challenging some of our most cherished

cultural classifications By inviting us to place the traditions subject of knowledge in the unsettling position of object these writers interrogate the boundary distinctions that until now have exempted the human from the vigilant analysis it so urgently requires Contributors Nancy Armstrong Rey Chow Drucilla Cornell Diana Fuss Marjorie Garber Barbara Johnson Cora Kaplan James Kincaid Harriet Ritvo David Willis Time Briton Hadden, Henry Robinson Luce, 1924 Reels for 1973 include Time index 1973 *The Italian Cinema Book* Peter Bondanella, 2019-07-25 THE ITALIAN CINEMA BOOK is an essential guide to the most important historical aesthetic and cultural aspects of Italian cinema from 1895 to the present day With contributions from 39 leading international scholars the book is structured around six chronologically organised sections THE SILENT ERA 1895 22 THE BIRTH OF THE TALKIES AND THE FASCIST ERA 1922 45 POSTWAR CINEMATIC CULTURE 1945 59 THE GOLDEN AGE OF ITALIAN CINEMA 1960 80 AN AGE OF CRISIS TRANSITION AND CONSOLIDATION 1981 TO THE PRESENT NEW DIRECTIONS IN CRITICAL APPROACHES TO ITALIAN CINEMA Acutely aware of the contemporary rethinking of Italian cinema history Peter Bondanella has brought together a diverse range of essays which represent the cutting edge of Italian film theory and criticism This provocative collection will provide the film student scholar or enthusiast with a comprehensive understanding of the major developments in what might be called twentieth century Italy s greatest and most original art form **Global Linguistic Flows** H. Samy Alim, Awad Ibrahim, Alastair Pennycook, 2008-10-01 Located at the intersection of sociolinguistics and Hip Hop Studies this cutting edge book moves around the world spanning Africa Asia Australia the Americas and the European Union to explore Hip Hop cultures youth identities the politics of language and the simultaneous processes of globalization and localization Focusing closely on language these scholars of sociolinguistics linguistic anthropology cultural studies and critical pedagogies offer linguistic insights to the growing scholarship on Hip Hop Culture while reorienting their respective fields by paying closer attention to processes of globalization and localization The book engages complex processes such as transnationalism immigration cultural flow and diaspora in an effort to expand current theoretical approaches to language choice and agency speech style and stylization codeswitching and language mixing crossing and sociolinguistic variation and language use and globalization Moving throughout the Global Hip Hop Nation through scenes as diverse as Hong Kong s urban center Germany s Mannheim inner city district of Weststadt the Brazilian favelas the streets of Lagos and Dar es Salaam and the hoods of the San Francisco Bay Area this global intellectual cipa breaks new ground in the ethnographic study of language and popular culture **The Long Heat** Andreas Malm, Wim Carton, 2025-10-07 The world is crossing the 1.5C global warming limit perhaps exceeding 2C soon after What is to be done when these boundaries set by the Paris Agreement have been passed In the overshoot era schemes proliferate for muscular adaptation or for new technologies to turn the heat down at a later date by removing CO2 from the air or blocking sunlight Such technologies are by no means safe they come with immense risks and provide an excuse for those who would prefer to avoid limiting emissions in the present But do they also

hold out some potential Can the catastrophe be reversed masked or simply adapted to once it is a fact Or will any such roundabout measures simply make things worse The Long Heat maps the new front lines in the struggle for a liveable planet and insists on the climate revolution long overdue In the end no technology can absolve us of responsibility for our planet and each other The Athenaeum ,1869 Bygone Beliefs; Being a Series of Excursions in the Byways of Thought H. Stanley Redgrove,2022-10-19 Reproduction of the original Polyamory and Reading the Book of Ruth Deborah Kahn-Harris,2023-11-02 Polyamory and Reading the Book of Ruth is based on a simple premise what if the Book of Ruth isn't a love story in the vein of modern rom coms but a different sort of love story Many people are conditioned to read romance stories as resolving into happily married dyadic couplings most often heterosexual But what if that's not how to read the Book of Ruth This book identifies a polyamorous hermeneutic and explores how it might be helpful in interpreting the Book of Ruth Drawing on developments in both feminist and queer biblical studies Deborah Kahn Harris offers a close textual reading that focuses in on a triadic basis for examining the relationships in the Book of Ruth The book closes with a contemporary targumic reimagining of the Book of Ruth that defines more clearly this polyamorous reading **The Cyclopædia; Or, Universal Dictionary of Arts, Sciences, and Literature. Goldstein,2017 In the German Democratic Republic words and ideas mattered both for legitimizing and criticizing the regime No wonder then that the ruling SED party created a Writers Union to mold what writers publicly wrote and said Its chief task was ideological creating a socialist and antifascist culture But it was also supposed to advance its members professional interests and enable them to act as public intellectuals with a say in the direction of socialism Many writers demanded that it pursue this second function as well which brought it into conflict with the SED This book explores how the union became a site for the contestation of writers roles in GDR society with consequences well beyond the literary community Union leaders pressured by the SED or the secret police usually acquiesced in enforcing regime demands but by the 1980s many authors had adapted to the rules of the game exploiting their union membership to insulate themselves from reprisal for their carefully worded critiques and in so doing beginning to break down limitations on public speech The book explores how and why in the 1970s the Writers Union helped normalize relations between writers and state yet over the course of the 1980s

inadvertently aided the expansion of permissible speech ultimately helping destabilize the East German system Thomas W Goldstein is Assistant Professor of History at the University of Central Missouri **Decca Group Records & Tapes Main Catalogue** Decca Record Company,1976 *The book of Joshua, a new tr., pr. in colors exhibiting the composite structure of the book, with notes, by W.H.
