Issues in Materials Development Maryam Azarnoosh, Mitra Zeraatpishe, Akram Faravani, Hamid Reza Kargozari, 2016-03-22 *Issues in Materials Development* provides readers with theoretical foundations and practical aspects of designing materials for EFL ESL contexts. It starts with discussing some basic and preliminary principles of materials design followed by scrutinizing critical issues in materials development in an objective and systematic way. This ranges from considering learners' needs adopting selection and gradation of materials to the specific focus of the book on developing various types of materials for the four language skills: pronunciation, ESP vocabulary, and computer-assisted language learning materials. Authenticity of materials to be designed and the inclusion of affective factors to develop motivating materials to engage language learners in addition to features of materials design at a universal level are other areas to read about. This book finally tries to open new horizons and possible futuristic approaches to improve today's ELT materials.

Church Administration Robert H. Welch, 2011-07-15 For churches and religious nonprofit operations the business of business is not business; it is ministry. Still, such institutions have to make plans. Because skilled organization is needed to accomplish specific tasks, a leader must train and motivate workers in progress and effectiveness. This second edition of *Church Administration* helps pastors and church staff become effective and efficient leaders, managers, and administrators. Among the topics discussed are Administration, Documents, Organizing the Church, Administering Personnel, Resources, Financial Resources, Physical Resources, and Administering Risk Management. Writing for students as well as those already in this line of work, author Robert H. Welch promises: "If you understand the tenants of general administration and the techniques of ministerial leadership, your job will be made significantly easier."

Welcome to College 2nd ed Jonathan Morrow, 2017-03-28 The single best volume I have ever read for preparing students for how to follow Jesus and flourish as his disciple in college. J. P. Moreland: "Is there a more frightening question for a graduating high school senior than 'What will you do with your life' in college, whether they realize it or not? Students will answer that question every day with each decision. All of the new friends and new experiences of higher education will shape their future. It's critical that students know how to handle college before they're in the thick of it." Jonathan Morrow tackles the tough questions that arise during these formative years, including: How do you grow spiritually? How do you manage your time to both study well and have fun? Is all truth relative? Are there good reasons to be a Christian? As a Christian, how should you view issues like dating and sex? Each chapter of this new edition has been updated, and the author has included a new chapter on Christianity, homosexuality, and the Bible. Grounded in both his own extensive experience and biblical truth, Morrow's book is full of quick, easy-to-read chapters and excellent advice.
