The Battle Of Second Manassas:

Decisions at Second Manassas Matt Spruill, Matt Spruill IV, 2024-01-12 Many consider the Battle of Chancellorsville to be Confederate General Robert E Lee's greatest offensive operation. However, the Battle of Second Manassas may be even more significant. Lee's victory at Chancellorsville resulted in the status quo. His success at Second Manassas moved the center of the war in the east from Richmond to just outside Washington DC and set the stage for Lee's first incursion onto Northern soil. Decisions at Second Manassas introduces readers to critical decisions made by Confederate and Union commanders. Matt Spruill III and Matt Spruill IV examine the decisions that shaped the way the campaign and battle unfolded. Rather than offering a history of the Battle of Second Manassas, the Spruills focus on the critical decisions, those decisions that had a major impact on both Federal and Confederate forces in shaping the progression of the battle as we know it today. This account is designed to present the reader with a coherent and manageable blueprint of the battle's development. Exploring and studying the critical decisions allows the reader to progress from an understanding of what happened to why events happened as they did. Complete with maps and a guided tour, Decisions at Second Manassas is an indispensable primer and readers looking for a digestible introduction to the Battle of Second Manassas can tour this sacred ground or read about it at their leisure with key insights into the battle and a deeper understanding of the Civil War itself. Decisions at Second Manassas is the second in a series of books that will explore the critical decisions of major campaigns and battles of the Civil War. Matt Spruill III is a retired U.S. Army colonel and Civil War historian and lecturer. A former Gettysburg licensed battlefield guide, he is the author of eight previously Civil War books, including most recently Decisions at Stones River, The Sixteen Critical Decisions That Defined the Battle, and Summer Lightning: A Guide to the Second Battle of Manassas. Matt Spruill IV is a retired U.S. Army lieutenant colonel and vice president of a company in the modeling simulation and training industry. He is the author of two previous books, Summer Lightning: A Guide to the Second Battle of Manassas and Echoes of Thunder: A Guide to the Seven Days Battles.

Never Such a Campaign Dan Welch, Kevin R. Pawlak, 2023-12-08 Historians Robert Orrison and Dan Welch follow Lee and Pope as they converge on ground once bloodied just thirteen months earlier. In late June 1862, Gen. Robert E. Lee's Army of Northern Virginia drove back Maj. Gen. George McClellan's Army of the Potomac from the gates of the Confederate capital. Richmond was safe at least for the moment. Another threat soon emerged when the Army of Virginia, a new command under Maj. Gen. John Pope, moved toward Fredericksburg, threatening Confederate communications, supply points, and Richmond. Pope, who had a reputation as something of a braggart, had scored victories along the Mississippi River at New Madrid and Island No. 10. President Lincoln was hopeful he would replicate that success in Virginia. Pope brought with him a harder philosophy of war, one that would put pressure not just on Lee's army but on the population of Virginia. Alarmed and offended by such a miscreant as Pope, Lee began moving part of his army north to counter and suppress the threat. In Never Such a Campaign: The Battle of Second Manassas, August 28-30, 1862, historians Dan Welch

and Kevin R Pawlak follow Lee and Pope as they converge on ground bloodied just thirteen months earlier at First Bull Run Manassas Since then the armies had grown in both size and efficiency and any pitched combat between them promised to dwarf the earlier battle For the second summer in a row Union and Confederate forces clashed on the plains of Manassas This time the results would be far more terrible The Second Manassas Campaign Caroline E. Janney, Kathryn J. Shively, 2025-04-01 Waged from June 26 to September 1 1862 the Second Manassas campaign pitted the US Armies of Virginia and the Potomac against the Confederate Army of Northern Virginia and its new commander Robert E Lee The campaign unfolded against a backdrop of momentous US political decisions regarding confiscation emancipation and Confederate civilians These decisions dismayed and energized Confederates sparking the debut of Lee s offensive strategy Weeks of strategic movements were punctuated by savage fighting that culminated in a climactic battle on August 28 30 Second Manassas destroyed the careers of US army commander John Pope and corps commander Fitz John Porter Despite the dramatic impact of the campaign it is often forgotten in the larger history of the Civil War and sorely understudied The essays in this volume provide valuable attention to strategy tactics and logistics the performances of key commanders on each side the campaign s political dimensions the connections between home front and battlefield and the memory of the campaign s aftermath Contributors include Keith S Bohannon Gary W Gallagher John J Hennessy Peter C Luebke James Marten William Marvel and Cecily Zander The Greatest Civil War Battles Charles River Editors, 2025-05-02 A splendid army almost demoralized millions of public property given up or destroyed thousands of lives of our best men sacrificed for no purpose I dare not trust myself to speak of this commander as I feel and believe Suffice to say that more insolence superciliousness ignorance and pretentiousness were never combined in one man Union II Corps Commander Alpheus Williams The Second Battle of Bull Run August 28 30 1862 was one of the most decisive battles fought during the Civil War and it was also one of the most unlikely Less than three months before the battle Joseph E Johnston s Army of Northern Virginia had been pushed back nearly all the way to Richmond by George B McClellan s Army of the Potomac so close that Union soldiers could see the church steeples of the Confederate capital And yet at the end of Second Manassas Robert E Lee s Army of Northern Virginia found itself in the field unopposed about 20 miles away from the Union capital of Washington D C How could such a remarkable reversal of fortunes take place so quickly After Lee succeeded the wounded Johnston he pushed McClellan s Army of the Potomac away from Richmond and back up the Peninsula in late June only to then swing his army north to face a second Union army John Pope s Army of Virginia Needing to strike out before the Army of the Potomac successfully sailed back to Washington and linked up with Pope s army Lee daringly split his army to threaten Pope s supply lines forcing Pope to fall back to Manassas to protect his flank and maintain his lines of communication At the same time it left half of Lee s army under Stonewall Jackson potentially exposed against the larger Union army until the other wing under James Longstreet linked back up Thus in late August 1862 the Army of Northern Virginia and the Army of Virginia found

themselves fighting over nearly the exact same land the South and North fought over in the First Battle of Bull Run 13 months earlier When Pope s army fell back to Manassas to confront Jackson his wing of Lee s army dug in along a railroad trench and took a defensive stance The battle began with the Union army throwing itself at Jackson the first two days But the concentration on Stonewall s men opened up the Union army s left flank for Longstreet s wing which marched 30 miles in 24 hours to reach the battlefield by the late afternoon of August 29 Lee used Longstreet s wing on August 30 to deliver a devastating flank attack before enough reinforcements from the retreating Army of the Potomac reached the field sweeping Pope s Army from Manassas and forcing the Union soldiers into yet another disorderly retreat from Manassas to Washington D C a scene eerily reminiscent of the First Battle of Bull Run

Second Manassas Scott C. Patchan, 2011 In 1862 looking for an opportunity to attack Union general John Pope Confederate general Robert E Lee ordered Maj Gen James Longstreet to conduct a reconnaissance and possible assault on the Chinn Ridge front in Northern Virginia At the time Longstreet launched his attack only a handful of Union troops stood between Robert E Lee and Gen John Pope s Army of Virginia Northern Virginia s rolling terrain and Bull Run also provided Lee with a unique opportunity seldom seen during the entire Civil War that of bagging an army an elusive feat keenly desired by political leaders of both sides Second Manassas Longstreet s Attack and the Struggle for Chinn Ridge details the story of Longstreet and his men s efforts to obtain the ultimate victory that Lee desperately sought At the same time this account tells of the Union soldiers who despite poor leadership and lack of support from Pope and his senior officers bravely battled Longstreet and saved their army from destruction along the banks of Bull Run Longstreet s men were able to push the Union forces back but only after they had purchased enough time for the Union army to retreat in good order Although Lee did not achieve a decisive victory his success at Chinn Ridge allowed him to carry the war north of the Potomac River thus setting the stage for his Maryland Campaign Within three weeks the armies would meet again along the banks of Antietam Creek in western Maryland Uncovering new sources Scott Patchan gives a vivid picture of the battleground and a fresh perspective that sharpens the detail and removes the guesswork found in previous works dealing with the climactic clash at Second Manassas

his former subordinates especially Virginians and he came to personify the Lost Cause's ideal Southern soldier. His reputation was secured in the decades after the war as a general who brilliantly led his men to amazing victories against all odds. Among those victories the three most decisive and stunning victories were Second Manassas August 1862, Fredericksburg December 1862, and Chancellorsville May 1863. The Second Battle of Bull Run August 28-30 1862 was one of the most decisive battles fought during the Civil War and it was also one of the most unlikely. Less than three months before the battle, Joseph E. Johnston's Army of Northern Virginia had been pushed back nearly all the way to Richmond by George B. McClellan's Army of the Potomac so close that Union soldiers could see the church steeples of the Confederate capital. And yet at the end of Second Manassas, Robert E. Lee's Army of Northern Virginia found itself in the field unopposed about 20 miles away from the Union capital of Washington, D.C. With Washington urging Army of the Potomac commander Ambrose Burnside to advance against Lee, Burnside launched an ill-fated operation near Fredericksburg in December 1862. From December 12-13, Burnside struggled to get his army across the river while it was under fire from Confederates in Fredericksburg and things only got worse when they did. The battle is mostly remembered for the piecemeal attacks the Union army made on heavily fortified positions. Longstreet's men took up on Marye's Heights. As they threw themselves at Longstreet's heavily fortified position along the high ground, the Northern soldiers were mowed down again and again. During the battle, Lee turned to Longstreet and commented, "It is well that war is so terrible; otherwise we should grow too fond of it." In early May 1863, the Army of the Potomac was at the height of its power as it bore down on Lee's Army of Northern Virginia near Fredericksburg. With an army nearing 130,000 men, Joe Hooker's Army of the Potomac was twice the size of the Army of Northern Virginia. Despite being outnumbered, Lee sized up his opponents and decided to divide his forces in the face of the enemy, sending Stonewall Jackson to turn the Union army's right flank while the rest of the army maintained positions near Fredericksburg. The Battle of Chancellorsville is one of the most famous of the Civil War and the most famous part of the battle was Stonewall Jackson's daring march across the Army of the Potomac's flank, surprising the XI Corps with an attack on May 2, 1863. Having seized the initiative, half of Lee's army launched desperate attacks on Hooker's forces near the Wilderness over the next 2 days while simultaneously defending against Union attacks around Fredericksburg that pushed the other half of his army back several miles. On May 3, Lee's heavily outnumbered army had just won the most stunning victory of the war. Robert E. Lee's Greatest Victories analyzes all three of the battles, including the campaigns that led up to them and the way they affected the Civil War at the time and in the future. You'll learn about the 3 battles like never before.

Second Manassas 1862 John

Langellier, 2011-03-15. A highly illustrated compact volume on a significant win for the Confederacy. There never was such a campaign, not even by Napoleon, wrote Confederate General Pender of the Second Manassas campaign, in which the gray-bearded Virginian Robert E. Lee came as close as he ever would to exterminating his Northern enemies. In so doing, Lee established himself as the South's pre-eminent military commander and the Army of Northern Virginia as its most powerful.

weapon The fighting in northern Virginia left Union General John Pope's career in tatters and proved the South was a power to be reckoned with This book's powerful account demonstrates that during that fateful summer of 1862 Lee's soldiers were fighting for anything but a lost cause

The Battle of Second Manassas Joseph W. A. Whitehorne, 1995-05-18 We study our military past not only to draw inspiration from the exploits of those American soldiers and their commanders who went before us but also to sharpen our knowledge and understanding of the art of war thereby equipping us for the military challenges of the future It is our belief that the careful study of battlefields such as Second Manassas allows today's military students to understand better the complexities and inevitable pressures of warfare It can also provide them the chance to reflect on and assess military operations an opportunity rarely attainable in the daily execution of their craft This is the third in a series of booklets on American battlefields intended to help soldiers use the past to enhance their understanding of the Army's future Foreword by Michael D Krause Colonel USA Acting Chief of Military History 1989 The Battle of Second Manassas prepared as a self guided tour is intended to help today's soldiers study the American battlefields of the past not only to better understand the complexities and inevitable pressures of warfare but also to sharpen their knowledge of the art of war and their craft The contest around Groveton Virginia on 29-30 August 1862 was characterized by complex maneuvers and fighting over the same areas at several different times New units funneled into the battle throughout its course while others were rushed from one point to another as the action shifted This lack of order is a reflection of the high level of confusion experienced at the time The courage of the men on both sides was exemplary but technology has overtaken the tactics they used Nevertheless the lessons

in leadership command the use of intelligence and the performance of men under stress shown by this battle have a lasting value

Debacles at Bull Run: the Battles of First Manassas and Second Manassas Charles River Charles River Editors, 2013-09-05 Includes pictures of important people places and events Includes maps of the battles Analyzes the generalship of the battles most important leaders including Lee Longstreet McDowell Pope Stonewall Jackson and more Includes descriptions of the fighting from the post battle reports and memoirs of some of the leading generals including Pope Lee Jackson Longstreet and others Includes a Bibliography of each battle for further reading After Fort Sumter the Lincoln Administration pushed for a quick invasion of Virginia with the intent of defeating Confederate forces and marching toward the Confederate capitol of Richmond Lincoln pressed Irvin McDowell to push forward Despite the fact that McDowell knew his troops were inexperienced and unready pressure from the Washington politicians forced him to launch a premature offensive against Confederate forces in Northern Virginia McDowell's strategy during the First Battle of Bull Run was grand and in many ways it was the forerunner of a tactic Robert E Lee Stonewall Jackson and James Longstreet executed brilliantly on nearly the same field during the Second Battle of Bull Run in August 1862 McDowell's plan called for parts of his army to pin down Beauregard's Confederate soldiers in front while marching another wing of his army around the flank and into the enemy's rear rolling up the line McDowell assumed the Confederates would be forced to abandon Manassas Junction and fall back to the next defensible line the Rappahannock River In July 1861 however this proved far too difficult for his inexperienced troops to carry out effectively The Second Battle of Bull Run August 28 30 1862 was one of the most decisive battles fought during the Civil War and it was also one of the most unlikely Less than three months before the battle Joseph E Johnston's Army of Northern Virginia had been pushed back nearly all the way to Richmond by George B McClellan's Army of the Potomac so close that Union soldiers could see the church steeples of the Confederate capital And yet at the end of Second Manassas Robert E Lee's Army of Northern Virginia found itself in the field unopposed about 20 miles away from the Union capital of Washington D C How could such a remarkable reversal of fortunes take place so quickly After Lee succeeded the wounded Johnston he pushed McClellan's Army of the Potomac away from Richmond and back up the Peninsula in late June only to then swing his army north to face a second Union army John Pope's Army of Virginia Needing to strike out before the Army of the Potomac successfully sailed back to Washington and linked up with Pope's army Lee daringly split his army to threaten Pope's supply lines forcing Pope to fall back to Manassas to protect his flank and maintain his lines of communication At the same time it left half of Lee's army under Stonewall Jackson potentially exposed against the larger Union army until the other wing under James Longstreet linked back up Thus in late August 1862 the Army of Northern Virginia and the Army of Virginia found themselves fighting over nearly the exact same land the South and North fought over in the First Battle of Bull Run 13 months earlier Debacles at Bull Run comprehensively covers both campaigns the events that led up to the battles the fighting itself and the aftermath of both battles Accounts of the battles by important participants are
