challenged the domination of white labor within the growing unions Norris Wright Cuney's daughter Maud who was graced with a prestigious education pursued a successful career in the arts as a concert pianist musicologist and playwright A friend of W E B Du Bois she became actively involved in the racial uplift movement of the early twentieth century Hales illuminates her role in the intellectual and political awakening of black America that culminated in the Harlem Renaissance of the 1920s He adroitly explores her decision against passing as white and her commitment to uplift Through these three members of a single mixed race family Douglas Hales gives insight into the issues challenges and strengths of individuals His work adds an important chapter to the history of Texas and of African Americans more broadly
