British Colonialism and the Criminalization of Homosexuality Enze Han,Joseph O'Mahoney,2018-05-03 British Colonialism and the Criminalization of Homosexuality examines whether colonial rule is responsible for the historical and continuing criminalization of same sex sexual relations in many parts of the world Enze Han and Joseph O Mahoney gather and assess historical evidence to demonstrate the different ways in which the British empire spread laws criminalizing homosexual conduct amongst its colonies Evidence includes case studies of former British colonies and the common law and criminal codes like the Indian Penal Code of 1860 and the Queensland Criminal Code of 1899 Surveying a wide range of countries the authors scrutinise whether ex British colonies are more likely to have laws that criminalize homosexual conduct than other ex colonies or other states in general They interrogate the claim that British imperialism uniquely poisoned societies against homosexuality and look at the legacies of colonialism and the politics and legal status of homosexuality across the globe *Natural Science and the Origins of the British Empire* Sarah Irving,2015-09-30 Represents a history of the British Empire that takes account of the sense of empire as intellectual as well as geographic dominion the historiography of the British Empire with its preoccupation of empire as geographically unchallenged sovereignty overlooks the idea of empire as intellectual dominion *The Century Book of Facts* Henry Woldmar Ruoff,1900 **Global Information Society** Mark I.
