The Best Of Alexander Campbell S Millennial Harbinger:

The Best of Alexander Campbell's Millennial Harbinger ,2014-07-30 Even though Christians in the restoration movement came to America aboard the Mayflower in the early 1600s this is an excellent primary source to understanding and tracing that portion of the restoration movement that writer Alexander Campbell influenced Articles appeal to the dissolving of denominations and coming together in Christian unity Some articles quote founders of various denominations on baptism and other issues Includes much on the worldwide cholera epidemic especially in North America At the end is a detailed table of contents listing all articles in each issue Also at the end is listings of reports by various congregations around the world but mostly in the US Listings are by city county and state **The Best of Alexander Campbell's**

Millennial Harbinger Katheryn Haddad,2014-11-05 Even though Christians in the restoration movement came to America aboard the Mayflower in the early 1600s this is an excellent primary source to understanding and tracing that portion of the restoration movement that writer Alexander Campbell influenced Articles appeal to the dissolving of denominations and coming together in Christian unity Some articles quote founders of various denominations on baptism and other issues Includes much on the world wide cholera epidemic especially in North America At the end is a detailed table of contents listing all articles in each issue Also at the end is listings of reports by various congregations around the world but mostly in the US Listings are by city county and state [The Philosophy of Religion of Alexander Campbell](#) J. Caleb

Clanton,2013-05-30 Well known for the important role he played in the American Restoration Movement Alexander Campbell was one of the most respected and influential religious figures of 19th century America Although Campbell s legacy as a religious leader and theologian has been widely acknowledged and documented his contributions as a philosopher of religion have been largely neglected The Philosophy of Religion of Alexander Campbell reintroduces readers to Campbell as a philosopher of religion and explores the philosophical basis for the views underlying his religious movement It begins with a highly readable discussion of Campbell s role in antebellum American religion and proceeds to an exploration of his philosophical influences J Caleb Clanton then reconstructs explains and evaluates Campbell s philosophy of religion He critically examines Campbell s unique revealed idea argument for the existence of God that is if God did not exist we could not form the distinct idea of God Clanton goes on to explore Campbell s defense of miracles including the resurrection of Christ and his responses to the problem of evil and the problem of divine hiddenness The final and most speculative chapter collects and synthesizes from scattered writings Campbell s view on morality and religion namely that there is no morality without God which has proven difficult to defend on philosophical grounds With this book the author makes a unique and important contribution to the literature of the Stone Campbell movement Clanton presents Campbell s views strictly in philosophical terms and evaluates them from a philosophical perspective without regard to religious apologetics In doing so he illuminates previously unexplored dimensions of Campbell and his work both historically and theologically and clearly

validates Campbell's inclusion in contemporary discussions of the philosophy of religion **Alexander Campbell and His New Version** Cecil K. Thomas, 2011-06-27 **A Life of Alexander Campbell** Douglas A. Foster, 2020-06-02 The first critical biography of Alexander Campbell one of the founders of the Stone Campbell Movement A Life of Alexander Campbell examines the core identity of a gifted and determined reformer to whom millions of Christians around the globe today owe much of their identity whether they know it or not Douglas Foster assesses principal parts of Campbell's life and thought to discover his significance for American Christianity and the worldwide movement that emerged from his work He examines Campbell's formation in Ireland his creation and execution of a reform of Christianity beginning in America and his despair at the destruction of his vision by the American Civil War A Life of Alexander Campbell shows why this important but sometimes misunderstood and neglected figure belongs at the heart of the American religious story The Millennial Harbinger Abridged, 1902 **The Best of Alexander Campbell's Millennial Harbinger, 1830-1839**, **The Writings of Alexander Campbell** Alexander Campbell, W. A. Morris, 1896 *Memoirs of Alexander Campbell* Robert Richardson, 1871

Writings of Alexander Campbell Morris W. A., 1901 **From Legalism to Freedom** Dallas R. Burdette, 2008-08 In 1517 Martin Luther took a stand for justification by faith alone in the finished work of Christ upon Calvary As a result of his position he suffered persecution for adhering to the Scriptures alone and not to traditions This book traces my spiritual journey from legalism to freedom in Christ In sixteen chapters I map out my heritage within the Churches of Christ and the motivations that eventually led me out of bondage to liberty One of the lengthiest chapters in this book is Where the Scriptures Speak One objective of this chapter is to help individuals to understand that one may speak where the Bible speaks and not necessarily speak as the Bible speaks Chapters 11 12 and 13 represent the very heart of my escape from authoritarianism to my dependence upon God's righteousness a righteousness from God through faith in Jesus Chapter 14 focuses on preaching in the early church Without an understanding of the Gospel that the apostles proclaimed Christians will never learn the spirit of toleration for differences within the Christian community Chapters 8 15 and 16 give attention to the Last Supper The communion should be a constant reminder of the Cross and true unity among God's children Chapter 1 2 and 3 outline my original journey of faith Dallas Burdette has been a serious student teacher and preacher of the Bible for fifty eight years supporting himself for many years as an agent for AFLAC He has written numerous articles for religious journals as well as many essays and sermons which are available on his website He has developed a keen interest in promoting unity among God's people through a more accurate reading of the Word He has degrees from Amridge University formerly Southern Christian University where he also was Director of Extended Learning for five years He holds the Doctor of Ministry degree 1999 from Erskine Theological Seminary Freedom in Covenant Robert D. Cornwall, 2015-09-21 In an age of decreasing denominational loyalty questions of identity have become important Both church members and inquirers wonder what to make of a denomination's core values mission and common practices Because the Christian Church Disciples

of Christ was born as a movement of reform on the American frontier during the early nineteenth century it is marked by the time and place of its birth The message it offered at the time was one of Christian unity rooted in theological simplicity and freedom of belief and practice This message influenced the way the tradition came to understand biblical interpretation theology the sacraments ministry and its eschatology As the movement matured many recognized that this message of freedom could lead to unfettered individualism and tended to undermine congregational life and cooperation beyond the congregation In response Disciples leaders turned to the biblical idea of covenant to balance the message of freedom and link congregations with other forms of church without creating hierarchical systems If as some have suggested this is a movement whose time has come then it is important to understand the movement's identity and core values which have been formed within the fulcrum of the tension existing between freedom and covenant

Frontier Mission Walter Brownlow Posey, 2021-10-21 Religion is viewed here as the great cultural force which introduced and preserved civilization in the era of westward expansion from 1776 to the eve of the Civil War In this first major study of religion in the South Mr Posey surveys the work of the seven chief denominations Methodist Baptist Presbyterian Disciples of Christ Cumberland Presbyterian Roman Catholic and Protestant Episcopal as they developed in the frontier region that now comprises the states of Kentucky Tennessee Alabama Mississippi Louisiana Texas Arkansas and Missouri The great challenges faced by the churches Mr Posey believes were first the barbarism continually threatening a people isolated in a savage wilderness and second the materialism likely to engross minds preoccupied with the hard necessities of frontier survival Many frontiersmen who had wandered across the mountains to escape the trammels and restrictions of an established society were distrustful of traditional religion and some forgot their inherited beliefs entirely To overcome these attitudes demanded new approaches As organizations the churches faced great obstacles in attempting to minister to the folk on the moving frontier One early answer was the camp meeting and many of its features an emphasis upon fervid emotion and individualism and the active participation and use of untrained people in religious services continued as dominant elements in frontier religion Indeed those churches flexible enough to make use of these appeals were the most successful in spreading their beliefs But inherent in the emotion and individualism was the danger of fragmentation a danger most tragically evident when the slavery controversy split most southern denominations from their northern brethren In education the churches fared better even those that were at first skeptical of its benefits were by the time of the Civil War actively engaged in its support But overall the southern churches were hampered by too little money for the support of priests and preachers too little communication between isolated congregations and too little regard for service to the community At the center of the churches work the care of congregations the missions to the Indians and the Negroes and the founding of educational institutions were the frontier ministers Mr Posey pictures these men stern and hard but full of zeal as performing a stupendous task in their efforts to build and maintain spiritual life on the southern frontier

Critical Issues in American Religious History Robert R. Mathisen, 2001 On many

occasions Americans as a religious people have experienced tension and indecision as they have wrestled with a variety of critical issues crossing their paths How to implement their religious creeds and ideals in an ever changing society is recorded in the religious language of the people as they have sought to articulate their identity and destiny Critical Issues in American Religious History identifies fifteen key chronologically arranged issues that have prompted considerable debate and discussion over the years The distinctive element of this work is the singular thematic thread which runs from cover to cover America s religious experience reflects four interrelated dimensions of religious tension The carefully selected primary and secondary materials speak to the tension between the secular and sacred beliefs and behaviors inclusion and exclusion and conflict and consensus Each chapter theme is woven around a particular critical issue pertaining to one or more of these four tensions Ideally suited for classroom use Mathisen s work enlarges the reader s critical thinking through an examination of primary and secondary sources of America s religious past Special features in each chapter include Introductory commentary Primary and secondary source readings Questions for reflection and discussion Suggested readings for further study

Journey in Faith William E Tucker, Lester G McAllister, 1975 This comprehensive history traces the birth and growth of the Christian Church and the people who brought it into being **An Address on the Life and Labors of Alexander Campbell** David Staats Burnet, 1866 Acts of the Anti-slavery Apostles Parker Pillsbury, 1884 *Dictionary of Early American Philosophers* John R. Shook, 2012-04-05 The Dictionary of Early American Philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the United States and Canada between 1600 and 1860 The label of philosopher has been broadly applied in this Dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title Most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy rhetoric the arts history politics economics sociology psychology medicine anthropology religion metaphysics and the natural sciences Each entry begins with biographical and career information and continues with a discussion of the subject s writings teaching and thought A cross referencing system refers the reader to other entries The concluding bibliography lists significant publications by the subject posthumous editions and collected works and further reading about the subject **Encyclopaedia of Religious Knowledge** John Newton Brown, 1844 **Encyclopedia of Religious Knowledge** John Newton Brown, 1842
