promise if you love me to leave it well alone When a 17 year old virgin marries a mature and charismatic Marquis it seems like a fairy tale But when the Marquis is called away on their wedding night leaving her only his keys and a single instruction her curiosity leads her to uncover a dark secret Bryony Lavery s new stage adaptation of Angela Carter s story opened as a Northern Stage production in September 2008 *Horribly sexy. How sexuality becomes gothic in Angela Carters "The Bloody Chamber"* Juliane Strätz,2014-09-02 Scientific Essay from the year 2011 in the subject English Language and Literature Studies Literature grade 1 7 University of Potsdam Institut f r Anglistik und Amerikanistik language English abstract The British writer Angela Carter got famous for her short stories and her examination of The Sadeian Woman In her writing she often deals with sexuality and power The story The Bloody Chamber is one of ten short stories in Angela Carter s collection The Bloody Chamber and Other Stories which was published in 1979 In this particular story she reworks the fairy tale of Blue Beard and transforms it into a feminist retelling by combining it with results from The Sadeian Woman With this work she wants not simply to point out what is wrong with conventional representations of gender she is concerned at once to offer different representations different models Day 134 Thus her short stories are full of variety and different topics and take place in a Gothic atmosphere Carter herself claimed that she followed a realism because she wanted to fulfill the desire of the people to believe the word as fact Day 134 Therefore she uses topics which are familiar to everybody Sexuality in a wider sense is one of the predominant ones in her stories It shows a sexuality that is situated beyond cultural borders and might therefore be more natural than the conventional notions of sexual identity Gruss 212 However the sexuality in The Bloody Chamber often seems strange abhorrent and even disgusting Thus especially the sexuality serves to create a Gothic atmosphere by the help of different means In the following paper I want to examine how this is done by use of three Gothic concepts The haunting abject and grotesque and the uncanny **Angela Carter and the Fairy Tale** Danielle Marie Roemer,Cristina Bacchilega,2001 A diverse collection of essays artwork interviews and fiction on Angela Carter *Tales of Bluebeard and His Wives from Late Antiquity to Postmodern Times* Shuli Barzilai,2013-01-11 This project provides an in depth study of narratives about Bluebeard and his wives or narratives with identifiable Bluebeard motifs and the intertextual and extratextual personal political literary and sociocultural factors that have made the tale a particularly fertile ground for an author s adaptation of the story Whereas Charles Dickens for example expresses a sympathetic identification with Bluebeard and a discernable strain of misogyny emerges in his recreation of the tale and recurrent allusions to it his contemporary William Makepeace Thackeray uses the tale as a springboard for his critique of avarice hypocrisy pretension and the subjugation of women in Victorian society Angela Carter Translator and Translated Martine Hennard Dutheil de la Rochère,Marie Emilie Walz,2025-12-22 Angela Carter Translator and Translated situates the British writer Angela Carter within a global framework by documenting how foreign languages and cultures played a key role in her work before gaining attention internationally today notably in translation A published translator who used translation as a creative method to

fashion her fiction Carter has now been translated into multiple languages The essays and interviews contained in this volume show that as it moves between tongues and cultural contexts Carter's work continues to initiate dialogues and inspire both critical and creative responses Organised in four parts it documents her activity as a translator and the generative role it played in her oeuvre and informed her translational poetics as well as the circulation of her work in translation on several continents complete with testimonies of translators and adaptors who stress its inspiring force

Rewriting/Reprising

Georges Letissier, 2009-10-02 This volume comprises sixteen essays preceded by an introductory chapter focusing on the diverse modalities of textual and more widely artistic transfer Whereas the first Rewriting Reprising volume coord by C Maisonnat J Paccaud Huguet its subversive potential is perceptible notably through its many attempts at emancipating the genre from the ideological fetters of gender Over the past two decades Victorian literature and culture has become an inescapable field of investigations to any study on intertextuality in the English speaking world In a second part diversity has been preferred to any single specific angle to approach the Victorian neo Victorian tropism The purpose is to provide as complete a spectrum as is reasonably possible in such a volume The practice of rewriting in the Victorian age is thus studied alongside contemporary appropriations of the Victorian canon The question is raised of whether literary fetishism may not result in a form of counterfeit classicism while the more challenging neo Victorian rewritings would make a claim for the need to choose one's literary heritage and ancestors This is where the post colonial agenda comes in Precisely the third part investigates the question of rewriting reprising as a way of writing back The myth of Frankenstein's creature bent on wreaking vengeance on his creator is of course seminal as it offers a myth of transgression which in its turn becomes a foundation myth Not only are post colonial responses to their disclaimed parent texts highly theory informed but they also evince an awareness of such contemporary issues which are direct consequences of the colonial past In the last section of this volume the scope of what comes within the range of intertextuality per se is widened to cover artistic dialogism In the exchanges between theatrical texts reprise may be construed as a metaphor standing for the pleasure inherent in the process of recreation The interaction between embedded paintings and the embedding canvas offers yet another variation on the reprise motif as does the meta aesthetic discourse of the critic on the work of art What begins as mere repetition is soon colored by the personal inflections of the interpreter In operatic performances updating a classical text to make it suitable to contemporary audiences and in close harmony with the role assigned to music is liable to spur on the creativity of recreation
