The Broken Whale:

Kayaking The Broken Group Islands, The Essential Guidebook Jean-Francois Marleau, 2006 *The Broken Estate* James Wood, 2013-11-06 This book recalls an era when criticism could change the way we look at the world In the tradition of Matthew Arnold and Edmund Wilson James Wood reads literature expansively always pursuing its role and destiny in our lives In a series of essays about such figures as Melville Flaubert Chekhov Virginia Woolf and Don DeLillo Wood relates their fiction to questions of religious and philosophical belief He suggests that the steady ebb of the sea of faith has much to do with the revolutionary power of the novel as it has developed over the last two centuries To read James Wood is to be shocked into both thinking and feeling how great our debt to the novel is In the grand tradition of criticism Wood's work is both commentary and literature in its own right fiercely written polemical and richly poetic in style This book marks the debut of a masterly literary voice **The Whale's Tale** Jim Farrell, 2019-11-25 Herman Melville's version of Captain Ahab's great chase after Moby Dick is considered the great American novel However very few living Americans have read it It is considered too difficult or too tedious to get through Herein is Moby Dick's version of that chase Besides giving readers a look at the adventure from a different perspective Moby Dick has attempted to tell the story in a manner that is more enjoyable for the modern reader Besides meeting all of Herman Melville's wonderful characters the driven Captain Ahab the too loyal First Mate Starbuck the conniving Second Mate Stubb the nasty Third Mate Flask the colorful harpooners Queequeg Tashtego and Daggoo and of course Ishmael the narrator and sole human survivor of the story as told by Melville you will meet Moby Dick's parents his BirthPodMates and his love the beautiful MeiWaang You will discover that sperm whales have an involved and fascinating culture and history Moby Dick's life began in the South Pacific Ocean in the year 1800 He meets Captain Ahab for the first time in 1847 on The Line the Equator where he severs one of the captain's legs The delirious Ahab returns to Nantucket where he bides his time until he can obtain another command He gets that command of the Pequod and with one ivory leg sets out to seek revenge for the loss of his leg This is the story of Moby Dick's birth calf hood young adulthood and maturity culminating in the Final Conflict with Captain Ahab in 1850 *The Economy of a Norse Settlement in the Outer Hebrides* Niall Sharples, 2020-11-23 This book explores the economic evidence for the settlement at Bornais on South Uist It reports in detail on the large assemblages of material found during the excavations at mounds 2 and 2A There is important evidence for craft activity such as bone and antler working and this includes the only comb making workshop from a rural settlement in Britain A large proportion of the copper alloy bone and antler assemblages comprise pieces of personal adornment and provide important information on the dress and thereby social relations within the settlement occupation There is a large assemblage of iron tools and fittings which provides important information on the activities taking place at the settlement The information derived from the artefact assemblages is complemented by that provided by the ecofactual material Large amounts of animal fish and bird bones plus carbonised plant remains provide

detailed information on agricultural practices and the processing preparation and consumption of foodstuffs It is clear that the Norse inhabitants of the settlement had access to a much richer variety of resources than had been exploited before the Viking colonisation of the region The settlement also had a significantly wider range of connections material culture indicates contacts to the south with the Irish Sea ports and Bristol and to the north with Shetland and the Viking homelands of Norway The evidence produced by these excavations is exceptional and provides an unparalleled opportunity to explore medieval life in the Scandinavian kingdoms of Western Britain *Navarin Basin Lease Offering* ,1984 **Proposed Outer Continental Shelf Oil and Gas Lease Sale, Norton Sound** ,1982 The leasing proposal consists of a total of 988 416 hectares 2 4 million acres of OCS lands The 249 blocks are located in Norton Sound 14 4 to 99 2 kilometers 9 to 62 mi offshore in waters that are from 5 to 27 meters 16 to 89 ft deep If implemented this sale is tentatively scheduled to be held in November 1982 Page i
