

"This is a wonderful first novel. It's global, encompassing Irish, Finnish, and predominantly Swedish. It's about family, community, other humans, bound with animals, past — the present — the unknown. I love the cover of Yannick Murphy's new debut novel and I plan to recommend it to everyone I know." —*David Shields, author of The Book of David*

Claire Fuller,2015-03-17 Part fairy tale part magic yet always savagely realistic Claire Fuller's haunting and powerful debut *Our Endless Numbered Days* will appeal to fans of Eowyn Ivey's *The Snow Child* and Christian Baker Kline's *Orphan Train*. Peggy Hillcoat is eight years old when her survivalist father James takes her from their home in London to a remote hut in the woods and tells her that the rest of the world has been destroyed. Deep in the wilderness Peggy and James make a life for themselves. They repair the hut, bathe in water from the river, hunt and gather food in the summers and almost starve in the harsh winters. They mark their days only by the sun and the seasons. When Peggy finds a pair of boots in the forest and begins a search for their owner, she unwittingly begins to unravel the series of events that brought her to the woods and in doing so discovers the strength she needs to go back to the home and mother she thought she'd lost. After Peggy's return to civilization, her mother learns the truth of her escape of what happened to James on the last night out in the woods and of the secret that Peggy has carried with her ever since. Ecocriticism and Geocriticism Robert T. Tally Jr.,Christine M.

Battista,Saville,2016-04-29 Although treated as two distinct schools of thought, ecocriticism and geocriticism have both placed emphasis on the lived environment, whether through social or natural spaces. For the first time, this interdisciplinary collection of essays addresses the complementary and contested aspects of these approaches to literature, culture, and society.

Signed, Mata Hari Yannick Murphy,2007-11-14 In the cold October of 1917, Margaretha Zelle, better known as Mata Hari, sits in a prison cell in Paris awaiting trial on charges of espionage. The penalty is death by firing squad. As she waits, burdened by a secret guilt, Mata Hari tells stories, Scheherazade-like, to buy back her life from her interrogators. From a bleak childhood in the Netherlands through a loveless marriage to a Dutch naval officer, Margaretha is transported to the forbidden sensual pleasures of Indonesia. In the chill of her prison cell, she spins tales of rosewater baths, native lovers, and Javanese jungles, evoking the magical world that sustained her even as her family crumbled. And then, in flight from her husband, Margaretha reinvents herself: she becomes an artist's model, circus rider, and finally the temple dancer Mata Hari, dressed in veils, admired by Diaghilev, performing for the crowned heads of Europe. Through all her transformations, her life's fatal questions were: was she a traitor, and if so, why? Burns ever brighter. **Sleights of Hand** Bradford Morrow,2016-02-23 Essays

fiction and poetry reflecting on truth and illusion in a world filled with deceptions, both treacherous and benign. Children deceive as do grownups, and many are the moments when all of us even deceive ourselves. People of every age and stripe, whether rarely or often, dissimulate, bluff, and beguile. The writer who fabricates and populates worlds is a deceiver, as is the artist whose triumph is to trick the eye to alter perception. The honest magician's livelihood is based on deception, so is the dishonest thief's. And consider the great Russian poet Marina Tsvetaeva, who wrote, "A deception that elevates us is dearer than a legion of low truths," thus complicating the subject entirely. This special issue of *Conjunctions* gathers a wide spectrum of essays, fiction, and poetry on the classic subject of deception, exploring in original and thought-provoking ways a world in which truth is a most fragile, elaborate, and mercurial thing.
