Departure Lounge Robert Laurence,2014-02-25 The mid Eighties No cell phones no email no caller ID no GPS It was easier then to pass without notice to be out of touch to get lost The Berlin Wall still stood as did the World Trade Center and Michael Reid embarks on what even he concedes to be a spate of obsessive travel Scandinavia the Persian Gulf South Asia back home to the Ozarks then off again to Greece Eastern Europe and Egypt Along the way he writes letters about what he s seeing and what he s thinking to three friends Anna Browning a mathematician in Tallahassee who thinks of Michael less fondly than he thinks of her Richard Randolph Michael s baseball watching pal who leads a comfortable perhaps too comfortable life as a law professor in Albuquerque and Marie Cochran a middle school social studies teacher in rural New Mexico who is Michael s on again off again lover These three all know Michael but they don t know each other And against the background of Michael s travels and his letters their lives become curiously even mysteriously intertwined changed in ways that Michael himself can t imagine **We Can Take It!** Mark Connelly,2014-07-10 We Can Take It shows that the British remember the war in a peculiar way thanks to a mix of particular images and evidence Our memory has been shaped by material which is completely removed from historical reality These images including complete inventions have combined

to make a new history The vision is mostly cosy and suits the way in which the Britons conceive of themselves dogged good humoured occasionally bumbling unified and enjoying diversity In fact Britons load their memory towards the early part of the war Dunkirk Blitz Battle of Britain rather than when we were successful in the air or against Italy and Germany with invasions This suits our love of being the underdog fighting against the odds and being in a crisis Conversely the periods of the war during which Britain was in the ascendant are perversely far more hazy in the public memory

The Bloody Chamber, Wise Children, Fireworks Angela Carter, 2018-04-10 An omnibus of works by the great British writer that showcases her hauntingly erotic fabulism and the subversive richness of her imagination In *The Bloody Chamber* Angela Carter's famous collection of deeply unsettling stories inspired by fairy tales we see a Beauty who turns into a Beast Little Red Riding Hood's grandmother stoned as a werewolf and Bluebeard as a murderous porn addicted businessman In the surreally delightful novel *Wise Children* an elderly woman recounts the colorful life she and her identical twin sister led as vaudeville performers And the early story collection *Fireworks* reveals Carter taking her first forays into the fantastical writing that was to become her unforgettable legacy As critic Laura Miller has argued Most contemporary literary fiction with a touch of magic owes something to Angela Carter's trailblazing This Everyman's Library omnibus gathers the best of Angela Carter in one astonishing volume

The forgotten French Nicholas Atkin, 2013-07-19 It is widely assumed that the French in the British Isles during the Second World War were fully fledged supporters of General de Gaulle and that across the channel at least the French were a nation of resisters This study reveals that most exiles were on British soil by chance rather than by design and that many were not sure whether to stay Overlooked by historians who have concentrated on the Free French of de Gaulle these were the Forgotten French refugees swept off the beaches of Dunkirk servicemen held in camps after the Franco German armistice Vichy consular officials left to cater for their compatriots and a sizeable colonist community based mainly in London Drawing on little known archival sources this study examines the hopes and fears of those communities who were bitterly divided among themselves some being attracted to Pétain as much as to de Gaulle An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence
