Carolina Curriculum Forms Nancy Johnson-Martin, Susan Attermeier, Bonnie Hacker, 2004-02. These forms on CD-ROM are used with The Carolina Curriculum, an assessment and intervention program designed for use with young children from birth to five years who have mild to severe disabilities. With the new editions of this proven curriculum, professionals in home, school, or center-based environments will have an easy-to-use criterion-referenced system that clearly links assessment with intervention and lets them work closely with the child's teachers, family members and other service providers. The CD-ROM contains printable masters in PDF format of the forms for both the Infants and Toddlers volume (CCITSN) and the Preschoolers volume (CCPSN) which include Assessment Log. This form helps professionals collect data about a child's performance on hundreds of discrete skills within the developmental sequences of the curriculum, leaving space to conduct a full assessment on four separate dates to monitor progress. Developmental Progress Charts. These forms help professionals summarize what they learned from the Assessment Log. Every item on the Assessment Log is represented by a blank on the Developmental Progress Chart that professionals fill in completely, partially or not at all, depending on the level of skill the child displays. Professionals can complete the charts on four separate dates to track the child's progress through the developmental sequences. These forms are also available on paper, sold in packages of 10 for easy reordering and as downloadable PDFs. First published in 2004, Routledge is an imprint of Taylor & Francis, an information company. **Handbook of Social Skills and Autism Spectrum Disorder** Justin B. Leaf, 2017-10-17. This handbook identifies the various social deficiencies widely associated with children and youth diagnosed with autism spectrum disorder (ASD). It discusses possible causes as well as the lifelong effects if these deficiencies are not addressed. The handbook presents current behavioral and curriculum-based methods for assessing social deficits. Chapters examine the various interventions that have been used to improve social skills and behavior, including video modeling, peer-mediated interventions, and script fading. Chapters also assess various interventions using empirically based procedures, evaluate the research of each of these procedures, provide guidelines for treatment planning, and offer clinical recommendations. The handbook concludes with future directions for the development of both social behavior and clinical social skills interventions. Topics featured in the Handbook include impairments in social behavior that may result in negative outcomes such as depression, loneliness, and
