Confessions of a Streetwalker David L. McKenna,2016-05-10 In 2005 my wife Jan and I moved into a condo along the shores of Lake Washington Even though I had served as President of Seattle Pacific University back in the 1970s I was unknown on the streets of the resort like village of Kirkland Washington Each morning Molly our Maltese puppy and I went across the street for her potty break and exercise Soon with Molly as the introducer I discovered a new world where strangers became friends through the connection of our dogs Later after two back surgeries Jan joined us on our daily walk down the street through the village and around the park by using a doggie stroller as a substitute for a walker The sight of the three of us walking down the street with Molly peering forward from her seat at the helm of the stroller became a phenomenon of its own on the streets of Kirkland Together we walked through an open door of learning and found that friendship based upon listening caring and giving is a grace that God reserves for plain people who walk daily and serve joyfully in common places

Life's Great Question Tom Rath, 2020-02-04. Life is not what you get out of it; it's what you put back in. Yet our current means for summarizing life's work, from resumes to salaries, are devoid of what matters most. This is why the work we do is often bad for our wellbeing when it should be making us happier and healthier. What are the most meaningful contributions we can make? This is Life's Great Question. Life is about what you do that improves the world around you. It is about investing in the development of other people. And it is about efforts that will continue to grow when you are gone. Life's Great Question will show you how to make your work and life more meaningful and greatly boost your wellbeing. In this remarkably quick read, author Tom Rath describes how finding your greatest contribution is far more effective than following talent or passion alone. More than a book, each copy includes a code for an online program that identifies the most significant contributions you can make. This deeply practical book will alter how you look at your work and change the way you live each day.
