Effective use of today's powerful GIS technology requires an understanding of the science of problem solving that underpins it Since the first edition published over a decade ago this book has led the way with its focus on the scientific principles that support GIS usage It has also provided thorough upto date coverage of GIS procedures techniques and public policy applications This unique combination of science technology and practical problem solving has made this book a best seller across a broad spectrum of disciplines This fully updated 4th edition continues to deliver on these strengths **Navigating the New Retail Landscape** Alan Treadgold, Jonathan Reynolds, 2020-11-26 The global retail industry is in the early stages of an era of profound and unprecedented change This book is intended to serve as a wide ranging robust and practical guide to leaders of enterprises tasked with both understanding and delivering success in the new landscape of retailing Part 1 describes the major directions and drivers of change that define the new retail landscape Accelerating changes in technology the rise to international prominence of internet enabled shoppers and the rapid emergence of entirely new retail enterprises and business models are combining to re shape the very fundamentals of the retail industry No longer are shops central or even necessary to the business of retailing No longer is choice for the shopper limited to the neighbourhood town or even country in which they live No longer is the act of retailing solely the preserve of traditional retail enterprises as internet enabled businesses technology logistics suppliers and financial services enterprises all seek direct relationships with the shopper The new landscape of retailing is an unforgiving one Success can be achieved more quickly than ever before but failure is equally rapid New opportunities are profound but so too are the challenges Part 2 of this book discusses the structures skills and capabilities that retail enterprises and their leaders will need if they are to be successful This second edition presents more than 25 detailed case studies of innovative and successful enterprises alongside more than one hundred smaller examples to illustrate the themes discussed A new afterword also presents ten central areas business leaders must focus on in order to build organizational resilience in the wake of COVID 19 and the profound uncertainties retail enterprises now face Frameworks and practical guidance are offered to help readers contextualise the nature of change occurring on a global scale and identify the capabilities skills and perspectives that will be

needed at both an enterprise and a personal leadership level Breaking Away Maurice E. Stucke, 2022 *Breaking Away* sounds a warning call alerting readers that their privacy and autonomy concerns are indeed warranted and the remedies deserve far greater attention than they have received from our leading policymakers and experts to date Through the various prisms of economic theory market data policy and law the book offers a clear and accessible insight into how a few powerful firms Google Apple Facebook Meta and Amazon have used the same anticompetitive playbook and manipulated the current legal regime for their gain at our collective expense While much has been written about these four companies power far less has been said about addressing their risks In looking at the proposals to date however policymakers and scholars have not fully addressed three fundamental issues First will more competition necessarily promote our privacy and well being Second who owns the personal data and is that even the right question Third what are the policy implications if personal data is non rivalrous *Breaking Away* not only articulates the limitations of the current enforcement and regulatory approach but offers concrete proposals to promote competition without having to sacrifice our privacy This book explores how these platforms accumulated their power why the risks they pose are far greater than previously believed and why the tools need to be far more robust than what is being proposed Policymakers scholars and business owners managers and entrepreneurs seeking to compete and innovate in the digital platform economy will find the book an invaluable source of information *The Future of Commercial Law* Orkun Akseli, John Linarelli, 2020-04-16 The reform of commercial law through harmonisation unification codification and other means remains one of the most important projects in developing the institutional architecture for the global economy This edited collection engages with the challenges and contributes to a greater understanding of the problems faced by states international organisations and private sector actors in this ongoing reform project for commercial law The volume takes stock of the project to date and looks towards a restructuring of the agenda to deal with new challenges The primary aim of the collection is to understand the future of commercial law reform in a way that offers ideas and strategies for innovation as well as in methodologies for project selection and evaluation In so doing the collection informs the debate on the global reform of commercial law and will be of interest not only to academics but also to those involved in the reform of commercial law around the world The volume collects papers presented at the UK Society of Legal Scholars Annual Seminar 2017 New Mega Trends S.
