Sound Knowledge J. Q. Davies, Ellen Lockhart, 2017-01-30 What does it mean to hear scientifically What does it mean to see musically This volume uncovers a new side to the long nineteenth century in London a hidden history in which virtuosic musical entertainment and scientific discovery intersected in remarkable ways Sound Knowledge examines how scientific truth was accrued by means of visual and aural experience and in turn how musical knowledge was located in relation to empirical scientific practice James Q Davies and Ellen Lockhart gather work by leading scholars to explore a crucial sixty year period beginning with Charles Burney's ambitious General History of Music a four volume study of music around the globe and extending to the Great Exhibition of 1851 where musical instruments were assembled alongside the technologies of science and industry in the immense glass encased collections of the Crystal Palace Importantly as the contributions show both the power of science and the power of music relied on performance spectacle and experiment Ultimately this volume sets the stage for a new picture of modern disciplinarity shining light on an era before the division of aural and visual knowledge Report of the Minister of Education Ontario. Legislative Assembly, 1915 **Sessional Papers** Ontario, 1915 **London's Teeming Streets, 1830-1914** James Winter, 2013-06-17 The streets of Victorian London became increasingly congested with vehicles fast and furious drivers pedestrians costermongers prostitutes brass bands homeless children and other obstacles to safe and rapid motion Concerned citizens were alarmed by this unprecedented build up of traffic and pollution But how did this chaotic state come about and why was more not done to prevent it London's Teeming Streets brings an historical perspective to present day concerns about the effects of continued urban expansion and shows that many current problems date back to the Victorian era James Winter reveals that the issue of street reform was fraught with political intrigue Many reformers were liberals yet the question of attempting to limit or prohibit activity on the King's Highway which was by definition an open and democratic preserve brought the very purpose of liberal reform into sharp focus *Our native land, a picturesque ramble* Francis Edward Longley, 1896 **Report of the Minister of Education** Ontario. Department of Education, 1915 **Railway Signal**, 1888 **Readers' Guide to Periodical Literature**, 1922 The World of South African Music Christine Lucia, 2009-03-26 The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations but with the express purpose of providing the reader with a deep understanding of the music itself Consequently there are readings that are chosen because they have been influential but there are also many which though published have not enjoyed very wide circulation There are those which are of obvious historic interest and others which speak to contemporary issues Among other things the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more

generally It is also an excellent resource for those who do not have immediate access to harder to find articles and is perhaps most vital to those who are looking to find a way into the world of South African music Musical News, 1897 Scenes from the Song of Hiawatha: Hiawatha's departure Samuel Coleridge-Taylor, 1900 *Singing for Schools and Congregations* John Curwen, 2013-09-19 This revised and expanded 1848 textbook includes exercises for class practice of the tonic sol fa system of teaching singing **Journals of the Legislative Council** Tasmania.
