Restructuring the English Classroom James L. Collins, 1992

Multiple Intelligences in the Elementary Classroom

Susan Baum, Julie Viens, Barbara Slatin, 2005-08-26 This book will help teachers design effective curriculum for their students with diverse learning abilities. The authors have created a guided process to apply MI theory to the elementary school classroom. The five pathways or approaches examined: Exploration, Bridging, Understanding, Authentic Problems, and Talent Development represent the ways in which MI can be implemented and nurtured across the elementary grades. The Pathways Model promotes and supports the development of a well-grounded understanding of MI theory to inform goal setting and planning for using multiple intelligences theory in the classroom. Each pathway addresses a different set of goals and provides appropriate guidelines and examples.

Who's in Charge? Susan Ohanian, 1994 Why teachers are so secretive even protective about the conditions in which they work is top on veteran teacher Susan Ohanian's list of concerns. There is nothing secretive about Ohanian. This collection of her writings, many of which were gleaned from leading publications such as Phi Delta Kappan and USA Today attests to that. If you ask for permission to speak up, she says you are doomed. But if you write about your classroom, about the texts and traditions about the administrators who annoy you and the texts that block you, your public words will provide a protective shield. Based on Ohanian's twenty years as classroom teacher, consultant, journalist, and observer of the education scene in the U.S., the essays will anger, confirm, delight, and inspire. Just about any teacher, regardless of grade level, will find familiar the scenarios, contretemps, ironies, and kids. Ohanian details. Visit www.susanohanian.org. Visit Susan Ohanian online for a wealth of information on education issues and to learn more about her. You'll find commentary, cartoons, letters, resources, quotes, and a word of the day offering children a provocative way to increase their vocabulary.
