Photographer's Guide to the Sony DSC-RX100 II (Text-Only Edition) Alexander S. White,2014-09-15 This book is a text only guide to the operation of the Sony Cyber shot DSC RX100 II digital camera It is a shortened version of Photographer s Guide to the Sony DSC RX100 II published in 2013 The original book contains hundreds of color photographs which make it quite expensive to print This text only edition has had almost all of the illustrations removed and those few that are remain printed in black and white in order to reduce the printing cost and therefore the purchase price This revised version contains almost all of the text of the original book though it omits some introductory remarks about the camera and other information that does not explain the use of the camera It also does not include discussions about illustrations that do not appear in this edition of the book The purpose of this edition is to provide a less expensive alternative for readers who want a printed reference guide to the features and operation of the camera at a

reduced price Because this volume contains very few illustrations it may be difficult to follow some of the discussions Therefore the publisher will provide a free copy of the downloadable PDF version of the original book with all of its color illustrations to any purchaser of this text only volume who requests one Details of this offer are included in the book s Introduction
