RAMAPRASAD ROY,2024-07-24 From ILLNESS to WELLNESS is not about information it s about transformation It provides inputs how to navigate from illness to Wellness in life The purpose of life is the pursuit of happiness There are different people of different castes different creeds and different colours But there is a commonality amongst all human beings it is the pursuit of pleasure and pursuit of happiness Question why could we not enjoy a sense of happiness 24 7 Why is it short lived Yes it s possible It is in our inward journey Most of us are busy in outward journey Very few of us scarcely know what inward journey is Now what is happiness Difficult to define Because Happiness is a state of mind It could be perceived and enjoyed

when there is love and when there is peace In fact it may be said that Happiness Health Wealth Relationship Most of the people outsource their happiness They seek happiness outwardly through name and fame power and position success and achievement But if we outsource our happiness it must be temporary in nature Because our outer world is governed by three things people things and situation These three things change with the change of time But we forget that the ocean of our happiness lies in our inner world in our mind Always remember you are what your mind is Remember our life is a moment to moment and event to event phenomenon In each moment different waves of thought thought of joy wonder anxiety resentment envy and jealousy come and go We could sustain delete and revive any sort of thought if we desire If we train and control our mind we could entertain and sustain the moment of joy and wonder for quite a long time The Book is a real roadmap From Illness to Wellness And how to stay in Happiness **Celebrating Success & Failure** Swami

Sukhabodhananda,2015-01-27 Ability is an important tool in life Ability without commitment and awareness is like a vehicle without the engine The Shiva Sutra enhances one's awareness in a way one sees an opportunity in a difficulty and not a difficulty in an opportunity There is an outside reality and an inside reality of one's mind There is also another dimension called spiritual reality To harmonize all of them is a great awakening Ordinary being loves one's own psycho dramas of justification proving one's point of view blaming being helpless and this leads one to a state of inner poverty To free oneself from these lower states of poverty and see them as errors in one's thinking is part of being effective and experiencing inner prosperity The profound teaching of Lord Shiva introduces us to A Bigger Container where one learns to be charitable to one's own self This practice of making A Bigger Container is essentially spiritual Dive deep into these mystic teachings Swami Sukhabodhananda **Wordless Wisdom** Swami Sukhabodhananda,2006-01-01 India Today What he teaches is essentially a mix of psychological yogic and meditation exercises tinged with the latest management jargon Business World He is the latest Guru on the corporate scene And his program on Stress and Creativity are being lapped up by executives from top notch companies The Times of India TOI does a poll on who talks the talk best Swamiji tops the list on all counts This is one man who has the ability to reach out to every member in the audience Swamiji is erudite often lyrically so His programs have been consciously designed to suit the widest spectrum of people to keep metaphysical and semantic speculations to the minimum *Adi Shankaracharya's Bhaja Govindam* Swami Sukhabodhananda,2015-01-27 Adi Shankaracharya composed a
