Rogers, 2014-05-14 An incredibly useful and valuable guidebook to the new consumer economy. Buy it. Learn from it. Succeed with it. Jeff Jarvis, author of *What Would Google Do?* This is the stuff that every business and nonprofit needs to embrace if they're going to succeed in a changing world. Vivian Schiller, CEO of NPR. With clear analysis and practical frameworks, this book provides a strategic guide that any business or nonprofit can use to succeed in the digital age. Marketing expert David Rogers examines how digital technologies from smartphones to social networks connect us in frameworks that transform our relationships to business and each other. To thrive today, organizations need new strategies, strategies designed for customer networks. Rogers offers five strategies that any business can use to create new value: ACCESS, be faster, be easier, be everywhere, be always on; ENGAGE, become a source of valued content; CUSTOMIZE, make your offering adaptable to your customer's needs; CONNECT, become a part of your customers' conversations; COLLABORATE, involve your customers at every stage of your enterprise. Rogers explains these five strategies with over 100 cases from every type and size of business, from shoes to news and software to healthcare. In *The Network Is Your Customer*, he shows how Apple harnessed a host of collaborators to write apps for its iPhone, how IBM designed a videogame to help sell its enterprise software, how Ford Motors inspired an online community to build brand awareness for its new Fiesta, and countless other cases from consumer, b2b, and nonprofit categories. The book outlines a process for planning and implementing a customer network strategy to match your customers, your business, and your objectives, whether you need to drive sales, to enhance innovation, to reduce costs, to gain customer insight, or to build breakthrough products and services. Because today, whatever your goals and whatever your business, the network is your customer. **Cultivating Reality** Ragan Sutterfield, 2013-04-02 We are at our base, humus beings. Our lives are dependent upon the soil, and we flourish when we live in this reality. Unfortunately, we have been a part of a centuries-long push to build a new tower of Babel, an attempt to escape our basic dependence on the dirt. This escape has resulted in ecological disaster, unhealthy bodies, and broken communities. In answer to this denial, a habit of

mind formed from working close with the soil offers us a way of thinking and seeing that enables us to see the world as it really is This way of thinking is called agrarianism In *Cultivating Reality* Ragan Sutterfield guides us through the agrarian habit of mind and shows Christians how a theological return to the soil will enliven us again to the joys of creatureliness
