On the Trail of

Homo Economicus Gordon Brady,Robert D. Tollison,1994-08-26 This collection of previously unpublished expository writings by Gordon Tullock on themes ranging from game theory externalities public choice rent seeking law and economics and economic progress is representative of the breadth of Tullock s career As co founder of Public Choice Tullock has been a major contributor to our understanding of the logic of collective choice and the politics of collective action Tullock s insights have helped establish the unambiguous message that political social and economic institutions affect individual behavior whether in economics or political markets Tullock s hypotheses proposed laws and paradoxes have shaped the development of public choice as well as charting new areas in law economics and sociobiology In sorting through Tullock s personal papers the editors learned and here present the many dimensions of the man and the breadth of his interests From the papers we can piece together much of Tullock s personal history For example there are myths surrounding Gordon Tullock that can be laid to rest his birthplace the lack of a baccalaureate degree the one course that marks his formal training in economics and his career prior to his academic emergence in the mid 1950s
