Pan - God of The Woods Lawrence R. Spencer,2007-02-08 Pan the Greek god of forests shepherds and fertility has long represented the pagan gods in general With the advent of the Christian church communication with the pagan gods was very heavily suppressed by priests who have a vested interest in eliminating religious competition by any means required including but not limited to lying stealing cheating murder mayhem extortion torture and blackmail As a result general public attention to the pagan gods disappeared about 2 000 years ago PAN God of the Woods assumes that the pagan gods may still be active living beings If any of the ancient gods are still around in the 21st century what are they doing now If they are here now still watching still powerful still immortal where or how might we contact them If Pan is still around which of us mortals could not use the helping hand of a friendly god once in awhile Lawrence R Spencer
