Virtual History Alternatives And Counterfactuals:

Virtual History Niall Ferguson, 1997 This collection explores what would have happened if nine momentous events in history had turned out differently The answers are strictly based on the alternatives which we know contemporaries contemplated

Virtual History: Alternatives And Counterfactuals Niall Ferguson, 2000-09-01 What if there had been no American War of Independence What if Hitler had invaded Britain What if Kennedy had lived What if Russia had won the Cold War Niall Ferguson author of the highly acclaimed *The Pity of War* leads the charge in this historically rigorous series of separate voyages into imaginary time and provides far reaching answers to these intriguing questions Ferguson s brilliant 90 page introduction doubles as a manifesto on the methodology of counterfactual history His equally masterful afterword traces the likely historical ripples that would have proceeded from the maintenance of Stuart rule in England This breathtaking narrative gives us a convincing detailed alternative history of the West from the accession of James III in 1701 to a Nazi occupied England to a U S Prime Minister Kennedy who lives to complete his term

Virtual History and the Bible J.Cheryl Exum, 2021-09-06 To mark the new millennium *Virtual History and the Bible* asks where we are at the fin de siècle and how we got that way What if important events in ancient history had turned out differently How different might the present century be What if Merneptah s scribes were telling the truth when they claimed Israel has been laid waste What if the exodus and conquest had really happened What if we had no Assyrian account of Sennacherib s third campaign or the palace reliefs depicting his capture of Lachish What if the Chronicler did use the Deuteronomistic History What if Luke had never met Theophilus What if Paul had travelled east rather than west This is not fantasy or fiction The sixteen essays in this volume by eminent historians of the Bible engage in serious scholarly inquiry into alternative historical scenarios and their potential consequences The result is a trenchant demonstration of the ways historians set about working with the evidence in order to reconstruct the past Contributors Keith W Whitlam Lester L Grabbe Susan Ackerman Thomas L Thompson Ernst Axel Knauf Ehud Ben Zvi Diana Edelman Robert P Carroll Niels Peter

Lemche Joseph Blenkinsopp A Graeme Auld Philip R Davies Loveday C A Alexander Richard Bauckham John Dominic Crossan Pheme Perkins *Subversive Legal History* Russell Sandberg, 2021-07-29 Provocative audacious and challenging this book rejuvenates not only the historical study of law but also the role of Law Schools by asking which stories we tell and which stories we forget It argues that a historical approach to law should be at the beating heart of the Law School curriculum Far from being archaic elitist and dull historical perspectives on law are and should be subversive Comparison with the past underscores how the law and legal institutions are not fixed but are constructed that every line drawn in the law and everything the law holds as sacred is actually arbitrary and how the environment into which law students are socialised is a historical construct A subversive approach is needed to highlight question de construct and re construct the authored nature of the law revealing that legal change on a larger scale is possible Far from being archaic this recasts legal history as being anarchic Subversive Legal History is not a type of Legal History but is its defining characteristic if it is to be a central part of Law School life It describes a legal method that should not be the preserve only of specialist legal historians but rather should be part of the toolkit of all law students teachers and researchers This book will be essential reading for all who work and study in Law Schools proposing a radical new approach not only to the historical study of law but also to the content purpose and ambition of legal education A subversive approach can revolutionise Law Schools providing a more ambitious legal education which is grounded in the socio legal reality helping to ensure that today s law students are better equipped to be the professionals and citizens of tomorrow **Counterfactual History and Bosnia-Herzegovina** Stian Nordengen
