The Book of Private Devotions; Containing a Collection of the Most Valuable Early Devotions of the Reformers and Their Successors, in the English Church ... Edited by the Rev. E. Bickersteth Edward Bickersteth,1839 **The book of private devotions; containing a collection of early devotions of the reformers and their successors in the English Church, ed. by E. Bickersteth** Edward Bickersteth,1839 The United States Catalog ,1906 *Parables of Love from Mom* Chamisa Loraine Howard,2022-06-10 When my children were small and my husband in college I continued to recreate the stories my parents told me as a child about animals having personalities and their teaching abilities I used the stories to teach my children moral principles through fables They knew if they went to bed by 8 00 p m they would get another chapter of some favorite pretend stories spun out night after night chapter by chapter Many of these stories led to daytime adventures as the kids lifted up flat rocks in search of Harvey Rabbit s magic hole with the candy factory They made horn toads into pets and few a mouse in box fitted with a running wheel In 1989 I decided to write down some of those favorite stories to give my now grown children as a Christmas present My artist sister illustrated these stories for me The compilation of stories has been sitting in my cedar chest for 30 years until recently when I had them re printed for my now growing family of grandchildren and great grandchildren God bless each and every child out there that they may come to know in their head and heart that we are all God s angels placed here on earth with extraordinary abilities in order to love and bless each other s lives A History of Indian Poetry in English Rosinka Chaudhuri,2016-03-29 A History of Indian Poetry in English explores the genealogy of Anglophone verse in India from its nineteenth century origins to the present day Beginning with an extensive introduction that charts important theoretical contributions to the field this History includes extensive essays that illuminate the legacy of English in Indian poetry Organized thematically these essays survey the multilayered verse of such diverse poets as Henry Louis Vivian Derozio Rabindranath Tagore Nissim Ezekiel Dom Moraes Kamala Das and Melanie Silgado Written by a host of leading scholars this History also devotes special attention to the lasting significance of imperialism and diaspora in Indian poetry This book is of pivotal importance to the development of Indian poetry in English and will serve as an invaluable reference for specialists and students alike Experiments in Love and Death Paul A. Komesaroff,2008 Experiments in Love and Death is about the depth and complexity of the ethical issues that arise in illness and medicine In his concept of microethics Paul Komesaroff provides an alternative to the abstract debates about principles and consequences that have long dominated ethical thought He shows how ethical decisions are everywhere in small decisions in facial expressions in almost inconspicuous acts of recognition and trust Through powerful descriptions of case studies and clear and concise explanations of contemporary philosophical theory the book brings discussions about ethics in medicine back to where they belong to the level of the everyday experience where people actually live suffer and hope A fresh and evocative look at the changing world of ethics as it applies to health and illness this is an

important book for all those touched by illness or suffering **Twentieth Century** ,1891 **The Space of Love** Vladimir Megre,2008 Nothing you have read in Books 1 and 2 has prepared you for Book 3 The Space of Love *In Defense of Love* Ron Rosenbaum,2024-09-17 Rosenbaum offers a spirited and enjoyable defense of his version of love The Wall Street Journal A stirring manifesto on love in the modern age now available for the first time in paperback In a work of ambition and brio legendary journalist Ron Rosenbaum tackles his hardest topic yet everyone s favorite four letter word He begins by investigating the neuroscience of love arguing that our understanding of love is imperiled by quantification and algorithms which distill our behavior into mathematical formulas our personality into brain chemical categories and our curiosity into quiz questions The very capacity that makes us human Rosenbaum posits is being taken over by numbers To save it he turns to literature and pop culture discussing writing about love from a vast range of sources including Tolstoy novellas trailblazing Updike manuscripts David Foster Wallace and Chrissie Hynde Part of love s essence is its mystery says Rosenbaum and when he eventually finds his own answer to the riddle of love a happy ending it turns up in a completely unexpected place In Defense of Love is more than an examination of the intersection of love with literature and science It is a celebration of the uncanny and the persistent the sublime and the ridiculous the inexorable power of love [Catalog of Copyright Entries.
