Constructing Self-Discovery Learning Spaces Online:

Scaffolding and Decision Making Technologies Hai-Jew, Shalin, 2011-11-30 As an increasing amount of information is made available online the assumption is that people who visit Web sites will be able to strategize their learning to optimize access to this information Constructing Self Discovery Learning Spaces Online Scaffolding and Decision Making Technologies raises awareness of the strategies supporting self driven learner efficacy on a number of site types This book reflects on existing literature about self discovery learning and what learners need in terms of scaffolding to help them make the right decisions assess their own level of learning vet information strategically collaborate with other learners and build their own skill sets

Perceived Exertion Laboratory Manual Luke Haile, Michael Gallagher, Jr., Robert J. Robertson, 2014-11-07 This manual provides laboratory based learning experiences in perceptually and psychosocially linked exercise assessment prescription

and programming The primary pedagogic outcome is the ability to use applied theory and practice in perceptual and psychosocial exercise assessment and program design to promote the adoption and maintenance of a physically active lifestyle enhancing overall health fitness Perceptual and psychosocial variables are presented in individual stand alone laboratory modules that can supplement existing curricula such as exercise and sport psychology exercise physiology exercise testing and prescription and exercise training and conditioning In addition the complete modular set has a conceptual flow that allows its presentation as an entire laboratory based course The laboratory modules are divided into three primary units assessment theoretical constructs scales and procedures tests prescription self regulation performance and program evaluation The manual uses a unique format in which case studies are embedded in the conceptual flow of each lab module facilitating translation of laboratory results to real world application The manual concludes with a discussion of perceptually and psychosocially linked exercise prescription and programming applications in public health such as program monitoring and adherence

Sudden Exposure Susan Dunlap, 2012-05-08 DIVAn Olympic athlete finds her life in danger when she starts a feud with a ruthless gym owner div DIVHomicide detectives don t chase streakers So it shouldn t be Jill Smith s problem when Berkeley s new public nudity ban stirs the spirit of the city s exhibitionists unleashing a horde of indignant flashers on the city streets But department infighting has resulted in Jill being stripped of her gold detective badge and put back in uniform to pursue the naked radicals divDIV divDIVShe s pursuing one of these au naturel miscreants though a patch of poison oak when she s stopped by Bryn Wiley Olympic diver gym owner and local hero Bryn is in a feud with a rival fitness club whose owner she suspects of shooting bullets through her car windows Jill can t help her she has nudists to apprehend and so Bryn resolves to take matters into her own hands holding a press conference where she calls her rival out It s a bold move and may also be a foolish one Her assailant s next target will be something far more valuable than a car DIVThis ebook features an illustrated biography of Susan Dunlap including rare images from the author s personal collection div div

Soul Workout Janice Speddings,2013 Using the words soul and workout in the same sentence may seem implausible and stretching artistic licence too far but in the Soul Workout book the improbable becomes believable and the only stretching to be done is metaphorical An imaginary visit to the gym for a workout becomes a metaphor for the spiritual disciplines of Bible reading prayer and contemplative reflection Going to the gym may not be everybody s cup of tea but when the idea is transposed into the metaphor everyone can breathe a sigh of relief lycra and dumbbells will not be required What is needed is a willingness to be open to prayer spiritual reflection and a desire to look for creative ways to deepen your faith journey this is what Soul Workout offers By methodically guiding you through the metaphor Janice Speddings shows how different aspects of the gym have their spiritual counterpart so cardiovascular exercise is likened to time spent building a deeper relationship with God the heart and life blood of the Christian faith while spiritual weight resistance exercise is seen as a way of learning to carry life s burdens with added strength and resilience You need no previous experience of contemplative prayer as all the exercises are fully explained and offered at basic or advanced levels Part 1 includes a helpful chapter for those with little or no experience of planning and running a group event while part 2 works through the metaphor step by step including spiritual reflections as exercises extra tips are offered for group leaders Part 3 deals with hanging on to the feel good factor after the workout is finished As a tried and tested metaphor this inspirational book provides a down to earth easy to read resource for groups and individuals alike an essential companion for your spiritual journey
