Virtually Free Marketing Philip R. Holden, 2015-01-23 Web 2.0 is changing the way information is perceived about products and companies. The evolution of e-commerce, wikis, blogs, and social networking sites means that the focus has shifted from impact to engagement and involvement. Virtually Free Marketing takes a look at how leading lights in e-commerce such as Amazon, Google, and YouTube have made their mark, drawing lessons that all business owners can benefit from. It takes the reader step by step through marketing their own products and services effectively and cheaply using the level playing field of the Internet and will be a must-have ready for all small business owners and managers. *Antique Radio Restoration Guide* David Johnson, 1992. This excellent book focuses on restoring, repairing, and refinishing those charming radios of the past. Discover basic, easy-to-follow techniques for repairing circuitry, troubleshooting, and cleaning up those radio treasures. **Kovels' Yellow Pages** Ralph M. Kovel, Terry H. Kovel, 1999. Need an eye for your teddy bear? Searching for another soup spoon to complete Grandma's silver? Looking for someone to repair your porcelain doll? Wondering if restoring your carousel horse will lower its value? Kovels' Yellow Pages is the ultimate directory for collectors. It helps you find sources for repair, restoration, and parts, and it lists matching services, appraisers, and auction houses—all you need to help you maintain the value of your antiques and add to your enjoyment of collecting. America's antiques experts, Ralph and Terry Kovel, also give you insider information on how to navigate the complicated world of buying, selling, and collecting antiques. They have distilled a lifetime's worth of information to give you the last word on: Where to start when you've inherited a house full of stuff; How to know if you need an appraiser and where to find one; When giving away an antique is more profitable than selling it; If repairing or restoring an object will lower or enhance its value; How to bid in out-of-town auctions. Kovels' Yellow Pages gives you firsthand information from more than 3,000 suppliers, clubs, auctions, services, and industry sources nationwide. You'll find names, addresses, telephone and fax numbers, plus e-mail and Internet addresses. There's also an extensive bibliography of price books and reference books most helpful to collectors. With this guide, you have at your fingertips the most complete and up-to-date collector's reference available anywhere. *On the Short Waves, 1923-1945* Jerome S. Berg, 2007-04-11. As radio developed in the early 1920s, the focus for most people was the AM band and stations such as KDKA, the first broadcast station. There was, however, another broadcast method that was popular among many early enthusiasts: shortwave radio. As is true today, the transmission of news and entertainment programs over shortwave frequencies permitted reception over great distances. For many in America and beyond, shortwave was an exciting aspect of the new medium. Some still tune the shortwave bands to enjoy the programming. Others pursue broadcasts for the thrill of the hunt. This book fully covers shortwave broadcasting from its beginning through World War II. A technical history examining the medium's development and use tells the story of a listener community that spanned the globe. Included are overviews of the primary shortwave stations operating worldwide in the 1930s, along with clubs and competitions, publications, and prizes.

A rich collection of illustrations includes many QSLs the cards that stations sent to acknowledge receipt of their transmissions and that are much prized by long distance collectors **1996 Amateur Radio Mail Order Catalog and Resource Directory** American Radio Relay League, Incorporated, 1995-10 **Radio Service Bulletin** ,1935 **Old Time Radios!
