## I'm too old for any more corgis, says the Queen

Valentine Lee

Ever since she was a young girl, the Queen has loved her corgis. She feeds them, she takes them for walks, she even allowed a particular favourite to travel with her on her wedding day. "My corgis are family," she once said.

Now it appears that the Queen has stopped breeding poodles with corgis because she does not wish to leave any behind when she dies.

Monty Roberts, an American horse trainer and informal adviser to the Queen, has said that she told him that

*Today Hong Kong, Tomorrow the World* Mark L. Clifford, 2022-02-01 A gripping history of China's deteriorating relationship with Hong Kong and its implications for the rest of the world For 150 years as a British colony Hong Kong was a beacon of prosperity where people money and technology flowed freely and residents enjoyed many civil liberties In preparation for handing the territory over to China in 1997 Deng Xiaoping promised that it would remain highly autonomous for fifty years An international treaty established a Special Administrative Region SAR with a far freer political system than that of Communist China one with its own currency and government administration a common law legal system and freedoms of press speech and religion But as the halfway mark of the SAR's lifespan approaches in 2022 it is clear that China has not kept its word Universal suffrage and free elections have not been instituted harassment and brutality have become normalized and activists are being jailed en masse To make matters worse a national security law that further crimps Hong Kong's freedoms has recently been decreed in Beijing This tragic backslide has dire worldwide implications as China continues to expand its global influence Hong Kong serves as a chilling preview of how dissenters could be treated in regions that fall under the emerging superpower's control Today Hong Kong Tomorrow the World tells the complete story of how a city once famed for protests so peaceful that toddlers joined grandparents in millions strong rallies became a place where police have fired more than 10 000 rounds of tear gas rubber bullets and even live ammunition at their neighbors while pro government hooligans attack demonstrators in the streets A Hong Kong resident from 1992 to 2021 author Mark L Clifford has witnessed this transformation firsthand As a celebrated publisher and journalist he has unrivaled access to the full range of the city's society from student protestors and political prisoners to aristocrats and senior government officials A powerful and dramatic mix of history and on the ground reporting this book is the definitive account of one of the most important geopolitical standoffs of our time

**A Bubble in Time** William L. O'Neill, 2009-09-16 The all too brief period of relative tranquility that extended from the end of the Cold War to the beginning of the War on Terror is the subject of William L O'Neill's brilliant new study of recent American history Mr O'Neill's sharp eye for the telling incident and the apt quotation combine with an acute historical judgment to make *A Bubble in Time* a compellingly readable informal history The first Gulf War and President Clinton's interventions abroad notwithstanding American spirits were freer from fear than they had been since the 1920s the author argues No world war loomed before the United States and after the Berlin Wall came down the specter of nuclear annihilation faded as well A brief recession in the 1990s gave way to the most prosperous years Americans had known for decades Unlike in the 1980s under Ronald Reagan the increase in national wealth trickled down to the middle class thanks to an unusual rise in productivity and

large infrastructure investments by firms in the new economy To general amazement crime rates began falling after almost thirty years of increases so that Americans were happier safer and materially better off than before Although the Republican party turned to the dark side Mr O Neill writes peace and prosperity enabled people to enjoy the finer things in life and to lavish their concerns on political correctness the decline of the military the troubles of higher education and the manifestations of an out of control popular culture he calls Tabloid Nation the trials of O J Simpson and President Clinton SUVs cell phones and bimbo eruptions Mr O Neill explores them all and more with insight and wit It was all too good to last he tells us Reality intruded again with the dot com crash in 2000 and the terrorist attacks of 2001 Still we will always have Paris Hilton With 8 pages of black and white photographs **United States news & world rep** ,1945 National Petroleum News ,1924 *Catalog of Copyright Entries, Third Series* ,1960 *Catalog of Copyright Entries* Library of Congress.
