

Tokyo Yakuza 16 Death On The Inside

Kent A. Ono, Vincent N. Pham

Tokyo Yakuza 16 Death On The Inside:

The Thorn in the Chrysanthemum Mamoru Iga, 2024-06-14 Japanese society is frequently held up to the Western world as a model of harmony and efficiency but the price it pays tends to be overlooked In a searching analysis that will fascinate students and admirers of Japan as much as it will inform psychologists and suicidologists Mamoru Iga discusses the precise nature of the thorn in the chrysanthemum a thorn that may hurt both the Japanese and the outsider who conducts business with them The author who was reared and educated in Japan is uniquely qualified to interpret the value orientations of a society in which suicide is all too common He finds that the traits leading to homogeneity and extreme adaptability in that society as a whole are the very traits that can produce painful reactions in the individual Those traits are described as monism groupism authoritarianism familism and accommodationism and together they comprise the Japanese social character Because the individual's behavior is based on the images assumptions and ideas about the world that make up his or her culture conformism in the individual is one major manifestation of Japan's social character In Japan the need to fill one's socially prescribed role may make it doubly difficult to think independently and creatively and to find solutions for the resulting stress Suicide notes and other personal documents reveal the painful cost of modern Japan's success story as the examination of individual suicides is related both to the theoretical framework of Durkheim's types of suicide and to the sociological patterns that characterize suicide in Japan It is in personal value orientations however that Iga finds the common ground between suicide and economic success American readers will find especially interesting the contrast between value orientations in Japan and in the United States Nearly the opposite of the Japanese traits described above American values of rationalism individualism competition and change create their own problems There is much to be learned from this expert analysis of the problem of suicide in Japan This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986

A History of Pain Michael Berry, 2011 This work probes the restaging representation and reimagining of historical violence and atrocity in contemporary Chinese fiction film and popular culture It examines five historical moments including the Musha Incident 1930 and the February 28 Incident 1947

Mafia Life Federico Varese, 2017-06-29 We see mafias as vast powerful organisations harvesting billions of dollars across the globe and wrapping its tentacles around everything from governance to finance But is this the truth Travelling from mafia initiation ceremonies in far flung Russian cities to elite gambling clubs in downtown Macau Federico Varese sets off in search of answers Using wiretapped conversations interviews and previously unpublished police records he builds up a picture of the real men and women caught up in mafia life showing their loves and fears ambitions and disappointments as well as their crimes Mafia Life takes us into the real world of organised crime where mafia henchmen worry about their bad

managers and have high blood pressure assassinations are bungled as often as they come off and increasing pressure from law enforcement means that a life of crime is no longer lived in the lap of luxury As our world changes so must the mafia Globalisation migration and technology are disrupting their traditions and threatening their revenue streams and the mafiosi must evolve or die Mafia Life is an intense and totally compelling look at an organisation and the daily life of its members as it gets to grips with the modern world Out now in paperback *Perilous Wagers* Klaus K. Y. Hammering, 2024-08-15 The lives of the men depicted in *Perilous Wagers* take place in the squalor of Tokyo's old day laborer district San ya where they can be found eking out a living from occasional construction work and welfare handouts permanently displaced from their hometowns to metropolitan Tokyo Although San ya has nearly vanished during the past twenty years its import persists as a black market where its small population of male day laborers can be contracted for the most undesirable of tasks without consideration for their health or safety In this context Hammering's book examines classic ethnographic themes of labor exchange value honor shame temporality desire gender and personhood It explores how one group of day laborers embodied a transgressive masculinity intimately intertwined with honorable mobster values of old and how they created dignity and sociality under abject conditions of life *Perilous Wagers* tracks these underdog values across construction sites non profit organizations hospitals bunkhouses and illegal gambling dens giving imaginative life to a stigmatized forgotten social world

Modernizing Repression Jeremy Kuzmarov, 2012 A probing analysis of the impact of American policing operations abroad

Blood Brothers B. Lintner, 2016-04-30 From pirates singing Ricky Martin to mob hits carried out with samurai swords Bertil Lintner offers a fascinating look at organized crime in the Asia Pacific Both Western and Asian pundits assert that shady deals are an Asian way of life Some argue that corruption and illicit business ventures gambling prostitution drug trafficking gun running oil smuggling are entrenched parts of the Asian value system Yet many Asian leaders maintain that their cities are safer than Sydney Amsterdam New York and Los Angeles Making use of expertise gained from twenty years of living in Asia Lintner exposes the role crime plays in the countries of the Far East In *Blood Brothers* he takes you inside the criminal fraternities of Asia examining these networks and their past histories in order to answer one question How are civil societies all over the world to be protected from the worst excesses of increasingly globalised mobsters *Asian Americans and the Media* Kent A. Ono, Vincent N. Pham, 2019-12-18 *Asian Americans and the Media* provides a concise thoughtful critical and cultural studies analysis of U S media representations of Asian Americans The book also explores ways Asian Americans have resisted responded to and conceptualized the terrain of challenge and resistance to those representations often through their own media productions In this engaging and accessible book Ono and Pham summarize key scholarship on Asian American media as well as lay theoretical groundwork to help students scholars and other interested readers understand historical and contemporary media representations of Asian Americans in traditional media including print film music radio and television as well as in newer media primarily internet situated Since Asian Americans had little control over

their representation in early U S media historically dominant white society largely constructed Asian American media representations In this context the book draws attention to recurring patterns in media representation as well as responses by Asian America Today Asian Americans are creating complex sophisticated and imaginative self portraits within U S media often equipped with powerful information and education about Asian Americans Throughout the book suggests media representations are best understood within historical cultural political and social contexts and envisions an even more active role in media for Asian Americans in the future Asian Americans and the Media will be an ideal text for all students taking courses on Asian American Studies Minorities and the Media and Race and Ethnic Studies **Japan Quarterly** ,1998

Japanese Civilization S. N. Eisenstadt,1996 One of the world s leading social theorists provides a monumental synthesis of Japanese history religion culture and social organization Equipped with a thorough command of the subject S N Eisenstadt focuses on the non ideological character of Japanese civilization as well as its infinite capacity to recreate community through an ongoing past **Business Tokyo** ,1991 **Paul Rusch in Postwar Japan** Andrew T. McDonald,Verlaine Stoner McDonald,2018-12-07 Paul Rusch first traveled from Louisville Kentucky to Tokyo in 1925 to help rebuild YMCA facilities in the wake of the Great Kanto earthquake What was planned as a yearlong stay became his life s work as he joined with the Japan Episcopal Church to promote democracy and Western Christian ideals Over the course of his remarkable life Rusch served as a college professor and Episcopal missionary and he was a catalyst for agricultural development introducing dairy farming to highland Japan In Paul Rusch in Postwar Japan Andrew T McDonald and Verlaine Stoner McDonald present Rusch s life as an epic story that crisscrosses two cultures traversing war and peace destruction and rebirth private struggle and public triumph As World War II approached Rusch battled racial prejudice against Japanese Americans yet also became an apologist for Japan s expansionist foreign policy After Pearl Harbor he was arrested as an enemy alien and witnessed the Doolittle Raid on Tokyo Upon his release to the US in 1942 he joined military intelligence and returned to Japan in that capacity during the US occupation Though Rusch was of modest origins he deftly climbed social and military ladders to befriend some of the most intriguing figures of the era including prime ministers and members of the Japanese royal family Though he is perhaps best remembered for introducing organized American football in Japan his greatest legacy is the founding of the Kiyosato Educational Experiment Project KEEP a vehicle for feeding educating and uplifting the rural poor of highland Japan Today his legacy continues to inspire KEEP in the twenty first century to promote peace cultural exchange environmental sustainability and ecological preservation in Japan and beyond **Giant Robot** ,2002 **Fifty Key Figures in Cyberpunk Culture** Anna McFarlane,Graham J. Murphy,Lars Schmeink,2022-05-12 A collection of engaging essays on some of the most significant figures in cyberpunk culture this outstanding guide charts the rich and varied landscape of cyberpunk from the 1970s to present day The collection features key figures from a variety of disciplines from novelists critical and cultural theorists philosophers and scholars to filmmakers comic book artists game creators and television

writers Important and influential names discussed include J G Ballard Jean Baudrillard Rosi Braidotti Charlie Brooker Pat Cadigan William Gibson Donna J Haraway Nalo Hopkinson Janelle Mon e Annalee Newitz Katsuhiro tomo Sadie Plant Mike Pondsmith Ridley Scott Bruce Sterling and the Wachowskis The editors also include an afterword of Honorable Mentions to highlight additional figures and groups of note that have played a role in shaping cyberpunk This accessible guide will be of interest to students and scholars of cultural studies film studies literature media studies as well as anyone with an interest in cyberpunk culture and science fiction

Suzuki Seijun and Postwar Japanese Cinema William Carroll, 2022-07-05 In 1968 Suzuki Seijun a low budget genre filmmaker known for movies including *Branded to Kill* *Tokyo Drifter* and *Youth of the Beast* was unceremoniously fired by Nikkatsu Studios Soon to be known as the Suzuki Seijun Incident his dismissal became a cause for leftist student protestors and a burgeoning group of cinephiles to rally around His films rapidly emerged as central to debates over politics and aesthetics in Japanese cinema William Carroll offers a new account of Suzuki s career that highlights the intersections of film theory film production cinephile culture and politics in 1960s Japan Carroll places Suzuki s work between two factions that claimed him as one of their own after 1968 the New Left and its politicized theoretical practice on one hand and the apparently apolitical cinephiles and their formalist criticism on the other He considers how both of these strands of film theory shed light on the distinctive qualities of Suzuki s films and he explores how both Suzuki s works and unheralded Japanese film theorists offer new ways of understanding world cinema This book presents both a major reinterpretation of Suzuki s work which influenced directors such as John Woo Jim Jarmusch and Quentin Tarantino and a new lens on postwar Japanese film culture and industry *Suzuki Seijun and Postwar Japanese Cinema* also includes a complete production history of Suzuki s filmography along with never before discussed information about his unfinished film projects

Hong Kong Neo-Noir Esther Yau, 2017-04-28 The first comprehensive collection on the subject of Hong Kong neo noir cinema this book examines the way Hong Kong has developed its own unique and culturally specific version of the neo noir genre while at the same time drawing on and adapting existing international noir cinemas With a range of contributions from established and emerging scholars this book illuminates the origins of Hong Kong neo noir its styles and contemporary manifestations and its connection to mainland China Case studies include classics such as *The Wild Wild Rose* 1960 and more recent films like *Full Alert* 1997 and *Exiled* 2007 as well as an in depth look at the careers of iconic figures like Johnnie To and Jackie Chan By examining at its past and its contemporary development *Hong Kong Neo Noir* also points towards the genre s possible future development
