When Texas Prison Scams Religion Michael G. Maness,2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality

in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ's executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars *Faith and hope in a war-torn land* , Chaplain Lawson's initial historical review of the Balkans provides the setting to help one understand what led to America's involvement in the region He deftly works his way through the key points of a confusing history that ultimately leads to US and international engagement in the area Later in the book he provides an excellent summary of the Bosnia and Kosovo regions and the consequent US presence there This background information is very helpful in understanding the crucial nature of chaplain ministry because much of the Balkans conflict is related to religious issues Chaplain Lawson's use of personal Army chaplain and chaplain assistant accounts makes up the bulk of the work His use of quotes stories written accounts and personal observations provides a broad look at religious ministry in this relatively new Army environment an environment of peacekeeping and multinational joint service coordination He points out that the religious support in the Balkans conflict was also a period in which the Army had to use the Reserve components Army National Guard and Army Reserve in a significant way *Handbook of the Q.F. 4.7-inch "B" Guns on Travelling Carriages, Land Service, 1916* ,1916

The Russian Origins of the First World War Sean McMeekin,2013-05-06 In a major reinterpretation Sean McMeekin rejects the standard notion of the war's beginning as either a Germano Austrian pre-emptive strike or a miscalculation The key to the outbreak of violence he argues lies in St Petersburg Russian statesmen unleashed the war through policy decisions based on imperial ambitions in the Near East **Report of Proceedings** Pennsylvania State Education Association,1907
