

..

ALGORITHM:

The word "algorithm" relates to the name of the mathematician Al-khowarizmi, which means a procedure or a technique. Software Engineer commonly uses an algorithm for planning and solving the problems. An algorithm is a sequence of steps to solve a particular problem or algorithm is an ordered set of unambiguous steps that produces a result and terminates in a finite time

Algorithm has the following characteristics

- **Input:** An algorithm may or may not require input
- **Output:** Each algorithm is expected to produce at least one result
- **Definiteness:** Each instruction must be clear and unambiguous.
- **Finiteness:** If the instructions of an algorithm are executed, the algorithm should terminate after finite number of steps

The algorithm and flowchart include following three types of control structures.

1. **Sequence:** In the sequence structure, statements are placed one after the other and the execution takes place starting from up to down.
2. **Branching (Selection):** In branch control, there is a condition and according to a condition, a decision of either TRUE or FALSE is achieved. In the case of TRUE, one of the two branches is explored; but in the case of FALSE condition, the other alternative is taken. Generally, the 'IF-THEN' is used to represent branch control.
3. **Loop (Repetition):** The Loop or Repetition allows a statement(s) to be executed repeatedly based on certain loop condition e.g. WHILE, FOR loops.

Advantages of algorithm

- It is a step-wise representation of a solution to a given problem, which makes it easy to understand.
- An algorithm uses a definite procedure.
- It is not dependent on any programming language, so it is easy to understand for anyone even without programming knowledge.
- Every step in an algorithm has its own logical sequence so it is easy to debug.

Solution Manual Algorithm Dasgupta

Ravi Kumar,D Sivakumar

Solution Manual Algorithm Dasgupta:

Getting the books **Solution Manual Algorithm Dasgupta** now is not type of inspiring means. You could not unaccompanied going gone book store or library or borrowing from your friends to entry them. This is an agreed easy means to specifically get guide by on-line. This online proclamation Solution Manual Algorithm Dasgupta can be one of the options to accompany you in the same way as having supplementary time.

It will not waste your time. receive me, the e-book will categorically flavor you supplementary situation to read. Just invest little become old to get into this on-line pronouncement **Solution Manual Algorithm Dasgupta** as well as evaluation them wherever you are now.
