FINANCIAL PLANNING EXERCISES

1. LO1, *Benefits of Personal Financial Planning.* How can using personal financial planning tools help you improve your financial situation? Describe changes you can make in at least three areas.

The best way to achieve financial objectives is through personal financial planning, which helps define financial goals and develop appropriate strategies to reach them. Creating flexible plans and regularly revising them is the key to building a sound financial future.

Changes to make are specific to the individual. The important point is to examine your current lifestyle and identify areas to change. Common areas for college students are spending on entertainment, eating out, transportation (car, bus, bicycle, other), clothing, vacations, and dating.

To examine your status in obtaining your goals you need information that is reported in your Balance Sheet and Income and Expense Statement. With this basic information and clearly stated goals, you can identify areas for change.

2. LO2, *Personal Financial Goals and the Life Cycle.* Use Worksheet 1.1. Describe your current status based on the personal financial planning life cycle shown in Exhibit 1.7. Fill out Worksheet 1.1, —Summary of Personal Financial Goals, with goals reflecting your current situation and your expected life situation in 5 and 10 years. Discuss the reasons for the changes in your goals and how you'll need to adapt your financial plans as a result. Which types of financial plans do you need
