Principle and Practice Henry Herman Meyer, 1910 **Bulletin**, 1919 Scholarship on Fire Beau K. Brewer, 2021-11-12 Scholarship on Fire A History of the Chair of Fire and Southern Baptist Evangelism in Theological Education takes a step back into early twentieth century Texas Baptist history and observes the unveiling of the crown jewel of the Southern Baptist Convention the Southwestern Baptist Theological Seminary and the events that led the forward thinking architect of theological education Benajah Harvey B H Carroll to the creation of the world's first endowed chair of evangelism and professorship of evangelism at his newly formed Texas seminary This book carries the reader through a 112 year history of an academic chair and professorship that both educated men and women in the art of personal and mass evangelism and provided the necessary evangelistic spirit to forge the fervent pioneering soul winning denominational spirit that has thrust Southern Baptists to the forefront of evangelistic advancement since their inception in 1845 Studying the auspicious beginnings of evangelism taught in theological education will delve into the lives of the men who have taught Christians to reach their neighbors for Christ Jesus The Chair of Fire has impacted all seminaries and Christian schools around the world because of the inclusion of evangelism in theological education **Testing Fresh Expressions** John Walker, 2016-04-01

Testing Fresh Expressions investigates whether fresh expressions of church really do what is claimed for them by the fresh expressions movement and in particular whether their unique approach helps to reverse trends of decline experienced by traditional churches Part 1 examines those claims and untangles their sociological and theological assumptions From a careful study of factors underlying attendance decline and growth Part 2 argues that long term decline can be resisted only if

churches are better able to attract children the non churched or both Part 3 tests the comparative ability of a group of growing parish churches and a group of fresh expressions to resist trends of decline and discovers some intriguing social dynamics common to both groups Part 4 argues that fresh expressions do not fulfil the unique role often claimed for them but that they do have the capacity to help reinvigorate the whole church *Sunday School That Really Excels* Steve Parr,2013-06-13 Adult Sunday school can effectively increase the health of a church and foster community and spiritual formation among its participants Sunday School That Really Excels is a revealing look at actual churches with adult fellowships that not only survive but thrive No matter the setting or challenges facing your church this book is highly encouraging and practical Various authors contribute chapters that blend an illustration of an excellent existing Sunday school ministry with scriptural support and leadership principles to enhance your own church s ministry Chapters are devoted to particular situations faced by many churches such as Sunday school in a rural setting on the heels of a crisis in a multicultural community among transition to small groups revitalizing a long established ministry and many others Sunday school expert Steve Parr brings together lessons from the best of the best so that all Sunday school ministries can excel

Left Out Kimberley Reynolds,2016 Left Out presents an alternative and corrective history of writing for children in the first half of the twentieth century Between 1910 and 1949 a number of British publishers writers and illustrators included children s literature in their efforts to make Britain a progressive egalitarian and modern society Some came from privileged backgrounds others from the poorest parts of the poorest cities in the land some belonged to the metropolitan intelligentsia or bohemia others were working class autodidacts but all sought to use writing for children and young people to create activists visionaries and leaders among the rising generation Together they produced a significant number of both politically and aesthetically radical publications for children and young people This radical children s literature was designed to ignite and underpin the work of making a new Britain for a new kind of Briton While there are many dedicated studies of children s literature and childrens writers working in other periods the years 1910 1949 have previously received little critical attention In this study Kimberley Reynolds shows that the accepted characterization of interwar children s literature as retreatist anti modernist and apolitical is too sweeping and that the relationship between children s literature and modernism left wing politics and progressive education has been neglected

Juvenile Nation Stephanie Olsen,2014-01-16 In the first five months of the Great War one million men volunteered to fight Yet by the end of 1915 the British government realized that conscription would be required Why did so many enlist and conversely why so few Focusing on analyses of widely felt emotions related to moral and domestic duty Juvenile Nation broaches these questions in new ways Juvenile Nation examines how religious and secular youth groups the juvenile periodical press and a burgeoning new group of child psychologists social workers and other experts affected society s perception of a new problem character the adolescent By what means should this character be turned into a fit citizen Considering qualities such as loyalty character temperance manliness

fatherhood and piety Stephanie Olsen discusses the idea of an informal education focused on building character through emotional control and how this education was seen as key to shaping the future citizenry of Britain and the Empire Juvenile Nation recasts the militarism of the 1880s onwards as part of an emotional outpouring based on association to family to community and to Christian cultural continuity Significantly the same emotional responses explain why so many men turned away from active militarism with duty to family and community perhaps thought to have been best carried out at home By linking the historical study of the emotions with an examination of the individual's place in society Olsen provides an important new insight on how a generation of young men was formed *After the Bloody Mary Game* David

Breeden, 2017-06-12 *After the Bloody Mary Game* is for anyone interested in exploring humanism Full of insight and humor this book both explores where humanism has been and points a way toward an inclusive and multifaceted future for Humanism **Bulletin** United States. development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region
