I'm a Superhero!

Imagine you are given the power of a superhero. What would be your special power? Why would you want it? What would you do with this new ability?

Superheroes like Spiderman or Superman have really cool abilities, but saving people's lives as a job would be boring. I'd rather have the ability to be the number 1 esports player in any game. By being the number 1 esports player, I will be able to play any videogame the best. A great quality of being good at videogames is that I could win any tournament. Not only can I make loads of money from tournaments, but all of the possibilities of GMing. Someone thinks he's good at CS:GO? Let's n-scope him, an AWP across the map. My friend says he'll drop me in Super Smash Bros? Gets 1v4'd with a low tier character. The ability to teach fellow opponents with the skills to back it up makes it really satisfying to drop top players in games. Instead of having super strength to save people, being good at videogames allows you to embarrass your friends in games.
