Universal's Guide to LL.B. Entrance Examination Manish Arora, **School Debate Book** R Shankar, 2019-01-01 Success in any walk of life is hard to achieve in this razor edged highly competitive age. Besides knowledge one has to be well versed in the art of forceful communication an essential pre requisite of a qualified man lack of which renders him unfit for high posts in any sector. Participation in debating activities makes a man forceful communicator. Debating is an art and it can be mastered and developed by constant practice. Fluency in speech enables a man to express views effectively and convincingly. Debates are nowadays a regular feature in schools and colleges. Pupils are assigned debatable statements to argue either in favour or against the motion on occasions like Independence Day or Republic Day. Often inter school competitions are organized on such eves and the best debater is conferred with prizes. In competitive as well as school tests examinees are asked to put forward their pros and cons views against a debatable statement. The dearth of books on debatable topics is being felt seriously which could cater to the needs of participants. Most of the participants exhibit no interest due to lack of guidance and sufficient materials and prefer to remain mute spectators in the debating hall. Here relevant topics of general interests have been compiled and presented both ways positively and negatively with a view to provide feedback to young debaters.
