Managing Your Band Steve Marcone, Dave Philp, 2021-06-24 *Managing Your Band* A Guide to Artist Management is your go to guide for artist management in the new music industry especially independent artists taking the DIY route Industry insiders Steve Marcone and Dave Philp tackle the work and knowledge required of an artist manager and band member focusing on earning revenue from an artist's three major revenue streams songwriting and publishing live performance and recording The book investigates the roles of the many industry intermediaries illustrating how many of today's artists including DIY artists function as their own entertainment companies This seventh edition includes updated information for the twenty first century artist and manager including key information on the impacts of COVID 19 on the industry New sections and chapters include The twenty first century DIY manager The live ecosystem Music publishing Social media Analytics offered by streaming services Each chapter includes learning objectives a summary and suggested projects for course usage For access to the free instructor's manual which includes a sample syllabus and test questions please email textbooks@rowman.com

Regulating Hosting ISPs' Responsibilities for Copyright Infringement Jie Wang, 2018-03-19 This book employs a comparative approach to comprehensively discuss hosting ISPs Internet Service Providers responsibilities for copyright infringement in the US EU and China In particular it details how the current responsibility rules should be interpreted or revised so as to provide hosting ISPs maximum freedom to operate in these jurisdictions In addition to examining relevant state regulations the book assesses self regulation norms agreed upon between copyright owners and hosting ISPs and concludes that self regulation is better suited to preserving hosting ISPs freedom to operate The results of this study will be interesting for a broad readership including academics and practitioners whose work involves hosting ISPs copyright responsibilities

Global Media Giants Benjamin Birkinbine, Rodrigo Gomez, Janet Wasko, 2016-07-01 *Global Media Giants* takes an in depth look at how media corporate power works globally regionally and nationally investigating the ways in which the largest and most powerful media corporations in the world wield power Case studies examine not only some of the largest media corporations News Corp The Microsoft Corporation in terms of revenues but also media corporations that hold considerable power within national regional or geolinguistic contexts Televisa The Bertelsmann Group Sony Corporation Each chapter approaches a different corporation through the lens of economy politics and culture giving students and scholars a thoughtful and data driven guide with which to interrogate contemporary media industry power

Telecommunications Mergers & Acquisitions , *Who Owns the World's Media?* Eli M. Noam, 2016 *Who Owns the World's Media* moves beyond the rhetoric of free media and free markets to provide a dispassionate and data driven analysis of global media ownership trends and their drivers Based on an extensive data collection effort from scholars around the world the book covers 13 media industries including television newspapers book publishing film search engines ISPs wireless telecommunication and others across a 10 25 year period in 30 countries

Music Business Nigel Parker, 2004 It is

anticipated that the sixth edition will again be warmly received by the market as the premier title on Intellectual Property Law Cornish Llewelyn Intellectual Property has developed a reputation amongst IP academics and practitioners as an accurate straight forward and straight to the point in depth guide to every aspect of Intellectual Property law For the student the thoughtful analysis of every area guides the reader whilst prompting questions and issues for the reader to develop further As a flip and find practitioner reference work IP professionals will rarely allow their copy to gather dust *Billboard* ,2009-05-16 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Music Licensing Under Title 17** United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts, Intellectual Property, and the Internet,2014 *Billboard* ,2007-09-15 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Multi-sided Music Platforms and the Law Chijioke Ifeoma Okorie,2019-10-28 Multi Sided Music Platforms and the Law explores the legal and regulatory frameworks surrounding copyright protection competition and privacy concerns arising from the way multi sided platforms use copyright protected content in digital advertising This book suggests how stakeholders in Africa and their advisors may ingenuously reform and apply various legal and regulatory frameworks to address these issues which arise from the manner in which multi sided platforms use copyright protected content in digital advertising The book critically engages with the regulatory efforts in other jurisdictions particularly the EU with a view to bringing an African perspective to the debate and practice It undertakes a consideration of this issue by asking how multi sided platforms may be deployed in a manner that continues innovative uses of copyright content while protecting the economic freedom of African copyright owners as small businesses Providing the first pro Africa approach to the regulation of multi sided platforms particularly with reference to music this book focuses on key aspects of digital commercial activity and highlights the main challenges and opportunities for its regulation It will be of interest to lawyers policymakers and students across Nigeria South Africa and internationally among the African Union European Union and beyond

Unlocked : A Comprehensive Guide to Help You Navigate the Modern Music Industry Robert Stevens,2024-06-19

This book is a comprehensive guide designed to help aspiring music professionals navigate the complex and ever evolving world of the music industry It covers everything from understanding the roles of various industry professionals to the intricacies of royalties and publishing deals Music Business Unlocked provides a roadmap for success It includes insights from a Grammy nominated multi platinum music publisher and producer offering insider knowledge on song registration royalty collection monetizing music building a team and more Whether you're a seasoned professional or just starting this book offers the tools and insights needed to thrive in today's music business **Western Broadcasting at the Dawn of the 21st Century** Leen d' Haenens,Frieda Saeys,2021-06-21

Broadcasting is an important indicator of a society's political economical social cultural and geographical context While currently at a crossroads European broadcasting remains highly diverse due to the fragmentation of national policies The book introduces the reader to the topic by providing and explaining facts figures and techniques of analysis The contributions to the first section of Western Broadcasting examine the general theoretical framework The articles in the second section map out European media cases The book's twofold approach is reflected in the accompanying CD ROM which also contains examples and hyperlinks Billboard ,2011-10-01 In its 114th

year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Kiplinger's Personal Finance* ,1999-12 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics The Musician's Business and Legal Guide Mark Halloran,2017-03-16 The Musician's

Business and Legal Guide provides vital information to help demystify the music business and the complex body of law that shapes it This book answers such questions as how to protect name and copyright what is and is not legal about sampling what are the legal issues surrounding digital downloads and streaming what are the jobs of managers talent agents and publishers what are common contractual relationships between independent and major labels The new edition includes chapters not covered in depth by other books social media law TV talent shows YouTube and international copyright As in previous editions the book features clause by clause contract analyses for 360 record deals music publishing management and producer agreements Mergent ... Company Archives Supplement ,2009 Contains the final statistical record of

companies which merged were acquired went bankrupt or otherwise disappeared as private companies **Billboard** ,2009-02-21 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about

the latest music video gaming media digital and mobile entertainment issues and trends **Copyright for Archivists and Records Managers** Tim Padfield, 2015-07-28 As an archivist or records manager it is essential to keep up to date with the complexities of copyright legislation and Copyright for Archivists and Records Managers will prove an invaluable tool in enabling you to do so What is copyright Who owns it and for how long What rights does it confer and what are the limitations and exceptions This comprehensive manual uniquely outlines copyright law in the UK with special reference to materials relevant to archive and records collections such as maps legal records records of local authorities records of churches and faiths most notably unpublished works It also offers advice on rights in the electronic environment and the problems associated with rights clearance and covers related areas such as moral rights and rights in databases The fifth edition of this respected work has been extensively revised and updated to include a description of the major changes to copyright exceptions and limitations for libraries and archives including the changes to permit preservation copying and copying for users of any kind of work a simplification of the declarations required from users and a new exception permitting onsite access to digital material a description and discussion of the new schemes for orphan works a description of the other changes to exceptions for copyright and performer s rights notably education quotation caricature parody and pastiche text and data mining disability and private copying a revision of the views expressed on the exhibition of literary dramatic and musical works an explanation of why a digital photograph consisting of a numerical file is still an artistic work a description of the changes in duration for sound recordings and especially for sound recordings of performances and for copyright in songs analysis of new copyright legislation in the Channel Islands and other British overseas territories an explanation of how national courts decide whether they have jurisdiction over the infringement of copyright on the internet a description of changes to Crown copyright licensing and the licensing of public sector information a new section giving links to useful websites consideration of the many copyright cases that have come before the courts the last few years that have provided help with the interpretation of many aspects of the legislation Some notable examples are on the meaning of transient and incidental scientific research parody and originality whether hyperlinking infringes the importance of a signature on an assignment the terms that may be implied into a licence and the relationship between the rights of a copyright owner and freedom of speech Readership Archivists and records managers LIS professionals in libraries museums and galleries students researchers and genealogists Economic Analysis of Music Copyright Ivan L. Pitt, 2010-07-16 Chris Anderson s initial Long Tail analysis was released in 2004 just as the wave of mergers and acquisitions was sweeping the music publishing and radio industries Music industry executives began looking for Anderson s Long Tail effect and with it the implied redistribution of royalty income from popular songs to long dormant and forgotten works in their catalogs These music publishers had hoped to further maximize the value of their copyright assets lyrics and melody in their existing music catalogs as the sale of compact disks diminished and consumers switched their purchasing and listening habits to new digital formats in music

technology such as the iPod This book deals with the measurement of skewness heavy tails and asymmetry in performance royalty income data in the music industry an area that has received very little academic attention for various reasons For example the pay packages including signing bonuses of some superstars in the sports world are often announced when they join a team In the art world the value of an artist s work is sometimes revealed when the work is sold at auction The main reason it is difficult to study art and culture from a royalty income perspective is that most of the income data at the individual level is often proprietary and generally not made publicly available for economic analysis As a Senior Economist for the American Society of Composers Authors and Publishers ASCAP using both internal and licensed external proprietary data the author found that the so called superstar effects are still present in performance royalty income Success is still concentrated on a relatively few copyright holders or members who can be grouped into heavy tails of the empirical income distribution in a departure from Anderson s long tail analysis This book is divided into two parts The first part is a general introduction to the many supply and demand economic factors that are related to musicperformance royalty payments The second part is an applied econometrics section that provides modeling and in depth analysis of income data from a songwriter music publisher and blanket licensing perspective In an era of declining income from CD album sales data collection mining and analysis are becoming increasingly important in terms of understanding the listening buying and music use habits of consumers The economic impact on songwriters publishers music listeners and Performance Rights Organizations PROs is discussed and future business models are evaluated The book will appeal to researchers and students in cultural economics media and statistics as well as general readers and professionals in the music publishing industry
