Impact of Mobile Payment Applications and Transfers on Business Opati, Thaisaiyi Zephania, Gachukia, Martin Kang'ethe, 2019-12-20 Consumers continue to rely heavily on their phones to complete such tasks as transferring funds between banks or accounts depositing or withdrawing funds paying bills and purchasing items Mobile money users are oftentimes more financially resilient and can protect themselves better against economic and other shocks Moreover mobile

money can increase the velocity of money in circulation because it reduces the transactions and time costs of making retail payments. As such, understanding the impact of mobile payments is imperative for businesses and the economy. *Impact of Mobile Payment Applications and Transfers on Business* is a pivotal reference source that provides vital research on mobile money transfer and its impact in social, corporate, and micro and macro policies concerning the aggregate economy and individual households as a whole within an economy. It covers the impact, innovations, business to business transformations, regulatory framework challenges, and ethical issues surrounding mobile money transfers around the world. This book is ideally designed for economists, financial analysts, business managers, leaders, scholars, practitioners, researchers, and students in fields that include management, finance, economics, commerce, and leadership.

Higher Education Financing in East and Southern Africa Pundy Pillay, 2010 This nine country study of higher education financing in Africa includes three East African states: Kenya, Tanzania, and Uganda; five countries in southern Africa: Botswana, Lesotho, Mozambique, Namibia, and South Africa; and an Indian Ocean island state: Mauritius. *Higher Education Financing in East and Southern Africa* explores trends in financing policies, paying particular attention to the nature and extent of public sector funding of higher education, the growth of private financing including both household financing and the growth of private higher education institutions, and the changing mix of financing instruments that these countries are developing in response to public sector financial constraints. This unique collection of African country case studies draws attention to the remaining challenges around the financing of higher education in Africa but also identifies good practices, lessons, and common themes.

International Perspectives of Distance Learning in Higher Education Joi L. Moore, Angela Benson, 2012-03-16 This book, written by authors representing 12 countries and five continents, is a collection of international perspectives on distance learning and distance learning implementations in higher education. The perspectives are presented in the form of practical case studies of distance learning implementations, research studies on teaching and learning in distance learning environments, and conceptual and theoretical frameworks for designing and developing distance learning tools, courses, and programs. The book will appeal to distance learning practitioners, researchers, and higher education administrators. To address the different needs and interests of audience members, the book is organized into five sections: Distance Education Management, Distance Education and Teacher Development, Distance Learning Pedagogy, Distance Learning Students, and Distance Learning Educational Tools.
