Positive Organizational Interventions: Contemporary Theories, Approaches and Applications Llewellyn Ellardus Van Zyl, Sebastiaan Rothmann, 2021-01-05

Deanship in the Global South Oliver J.J. Seale, 2021-02-08 The university today is a postmodern neo liberal competitive boundary less knowledge conglomerate a far cry from its historical traditional classical and collegial roots There is a body of literature on deanship that points to its evolving nature in the contemporary academe characterised by complexity and change Balancing academic demands simultaneously with the requirements for effective performance leadership and management lies at the heart of this very challenging bridging role nowadays Deans are generally former academics emerging from a traditional collegial space and often catapulted into the relatively unknown domain of executive management with its related problems Deans nowadays are required to be more than collegial intellectual leaders They are also meant to be fiscal and human resource experts fundraisers politicians and diplomats Deanship in the Global South Bridging Troubled Waters is about the deans lived reality as they try to balance the demands of both the academe from which

they emerge and the administration to whom they now need to account Their lack of preparation and inadequate support points to the need for a more strategic integrated approach to leadership development within their critical bridging roles between the academe and administration **Empowerment for Teaching Excellence Through Virtuous Agency** Hennie Lötter, 2021-08-31 This books offers new ways to think about teaching excellence in higher education and presents a definition of the concept of teaching excellence It offers a fresh interpretation of Boyer s famous account of scholarship as the foundation of university teaching To fully understand the nature of teaching excellence in higher education the book gives an account of the various dimensions of the domain of university teaching and the core drivers required to bring those domains to life The idea of empowerment underlies the journey to excellence in teaching The book argues that university lecturers aspiring to become excellent should be active agents strongly pursuing the development of their perfectible abilities required for high quality teaching The work draws on recent developments in virtue theory to set out the qualities of character requisite for guiding and driving university lecturers to grow and develop into excellent teachers **Guide to Microforms in Print** ,2009
